INNES HELD FOR DEATH OF WOMEN

Brother of Nelms Sisters Accuses Attorney and Wife Couple Are Arrested in Oregon for Texas Sheriff

BULLETIN SAN ANTONIO, Aug. 19.—The special charge against Victor Innes, embodied in an affidavit made by Marshall Nelms, in the justice court yesterday, and on which requisitions for Innes are based, reads: "Victor Innes and Mrs. Victor F. Innes, alias Mrs. Ida May Innes, alias Mrs. Margaret Innes, alias Mrs. M. V. Hardenmann, in the county of Bexar, and State of Texas, on or about the 15th day of June, 1914, did, with malice aforethought, kill Eloise Nelms Dennis and Beatrice Nelms, by then and there administering poison."

EUGENE Ore. Aug. 19.—Speeding Innes has been arrested and it is expected that a charge of murder will be lodged against him. He remained in prison this morning, steady on his feet and in good health. The supposed crime. His wife, whom the officials also arrested, but who kept up her composure, was left at her home in a serious condition as a result of the shock and her husband's arrest.

The Nelms sisters disappeared from Atlanta, Ga. A short time later their mother got a letter, supposedly signed by Mrs. Dennis, declaring that she had killed her sister Beatrice and was going to San Francisco to kill her brother Marshall. The case started a nationwide police investigation. Innes was brought into the case as supposedly having been engaged to Mrs. Dennis. He denied. He had been her attorney in her divorce suit. After a few days Nelms left for Atlanta, Ga., where his mother lived, and began the investigations which led to the arrest of Innes late yesterday.

CRIME IN COTTAGE. Nelms believes that his sisters were murdered in a vine-covered cottage in San Antonio, their bodies being found in a bush and destroyed by chemicals. His affidavits charge that the women were deliberately lured to their deaths, and Innes is declared responsible by the brother. He believes that money was the object of the crime.

As a result of the affidavits warrants were issued in San Antonio, and then served here, where Innes lives on a ranch with his wife. Innes was placed in jail last night shortly before 10 o'clock, having been brought down from his farm near Dearborn, thirty miles from here. Mrs. Innes was also arrested, but on account of her health she was allowed to remain at the home for a few days, when she, too, will be placed in jail.

When seen last night Innes absolutely refused to talk regarding the arrest further than saying: "It's all right. I made my statements to the press in Portland a few days ago, and there is no need of repeating it here."

LETTER STARTS CHASE. PORTLAND, Ore., Aug. 19.—The mystery surrounding the disappearance of Mrs. Eloise Nelms Dennis and Miss Beatrice Nelms, her sister, was revealed when their mother in Atlanta received a letter from Mrs. Dennis, mailed in San Francisco.

"I killed Beatrice in New Orleans and am going to kill my brother here," the note said. It was mailed on July 2.

AGED GIVE TO WAR FUND DAME OF 97 YEARS LEADS IN LIST GIFT SENT TO GERMANY

FRAU HEITMAN, ELDEST RESIDENT OF THE DEUTSCHER ALTENHEIM OF OAKLAND, WHO HAS AIDED THE FUND FOR RELIEF OF GERMAN WAR VICTIMS, AND THE CHECK SENT TO THE GERMAN RELIEF FUND FROM THE LOCAL OLD PEOPLE'S HOME THIS WEEK.

Canadian Women Keep Volunteers at Home

OTTAWA, Ont., Aug. 19.—Canadian women don't want their husbands to go to war and are withholding the vote power bestowed upon them by the government with such effect that in some instances volunteer regiments have been thinned to 50 percent of their membership. This far exceeds the government's estimate of votes. A protest against their action was made today by Colonel Morrison, director of armaments.

Thinks Russia Will Crush Germany Soon

PARIS, Aug. 19.—A news dispatch from Tardes quotes Count Witte, the Russian statesman, who is on his way from Biarritz to Russia, as declaring that the European war would not last more than two or three months. It was bound to end, he said, in the downfall of Germany. Russia's mobilization had been carried out slowly but surely and her army was certain to vanquish Germany, whatever might happen.

Oaklanders Cable of Safety; Food Scarce

ALTENHEIM HELPS

Eldest Inmate of Community Home Leads in Spirit of Sacrifice.

Does age inspire patriotism? Does the spirit that inspired Blomberg and Von Moltke wane, as bodily strength fails? "No." Answer the loyal subjects of the Kaiser at the Deutscher Altenheim in Oakland, and to prove it they have sent the fumes of war—for they cannot send the fumes and brains—to their Fatherland.

Headed by Frau Heitmann, 97 years of age the inmates of the home for aged Germans have gathered from their meager store of wealth a considerable fund, which has been collected and dispatched to the aid of their compatriots in the great European struggle. Unable to fight themselves, the aged Germans have done the next best thing; they have sent funds to aid those who battle for the emperor.

The Old People's Home Association of Oakland has voted a sum of \$2500 to the fund being raised in Germany for the general relief of widows, orphans and wounded of the German army, through the great war.

KAISER'S TROOPS MEET BELGIANS

POPE NEAR DEATH; HAS RELAPSE

Pontiff's Life in Danger, According to Bulletin

Sudden Change in His Condition Leaves Little Hope

BULLETIN. ROME, Aug. 19, 1:10 p. m., via Paris, Aug. 19, 6:50 p. m.—It is reported that the Pope has received the last communion.

ROME, via Paris, 4:10 p. m., Aug. 19.—The Pope has had a sudden relapse. A bulletin issued by Dr. Marchisava leaves no doubt that the patient's life is in danger.

The sisters of the Pope are convinced that a momentous crisis has arrived and they are deeply apprehensive.

They have lighted candles before the miraculous image of St. Joseph and remain prostrate in prayer.

The news of a serious setback in the condition of the pontiff, after the announcement of this morning that his Holiness was better, caused a sensation in Rome.

Many people rushed to St. Peter's Square for news, hoping that the gravity of the report was exaggerated. On reading statements signed by Drs. Amici and Marchisava, however, the dangerous condition of his health was realized, and the crisis seems to be over.

The doctors have administered oxygen to the Pope. He was given stimulating injections and coughed when death seemed imminent.

These energetic remedies brought about an amelioration, but nobody is yet able to say whether they are only temporary or indicate that the crisis has been overcome.

The Observatore Romano, the official organ of the Vatican, publishes an official admission of the indisposition of Pope Pius, but says the trouble is a slight bronchial catarrh which is of little importance.

MOTHER PROUD TO GIVE FOUR SONS TO SWORD FOR FRANCE

PARIS, Aug. 19.—A woman with four sons in the French army today walked slowly down the steps of one of the municipal offices where relatives are informed officially whether soldiers are dead, wounded or unreported. She was exceedingly white, but her emotion was greater than could be expressed in tears. A friend came up and said: "Have you good news? I am so glad my Jean is safe." "Yes, they are all safe," was the reply. "They are safe in the arms of the Father. I am proud to give all to the cause."

LIEGE FORTS BLOWN BY BELGIANS

Namur Soldiers Report That Defenders Abandoned Stronghold

LONDON, Aug. 19.—A dispatch to the Daily News from Namur says it is reported there among the soldiers that the Belgians have blown up and abandoned some of the forts at Liege.

REPORT AT ROTTERDAM. ROTTERDAM, Aug. 19.—It is asserted here that the forts at Liege were dynamited by the Belgians after they had been evacuated, the action of the Belgians being due to the arrival of Germany's heavy motor batteries.

French Artists Form Society for Relief

PARIS, Aug. 19.—The Society of French Artists, the National Society of Fine Arts and other groups have formed a committee under the title of the Brotherhood of Artists to look after the wives and families of 2000 painters, sculptors, engravers and architects who are serving with the colors.

Count Castillon de Saint-Victor, who last year became a Jesuit priest at Canterbury, England, has returned to join his old regiment.

Would Bar Bonds of Warring Countries

WASHINGTON, Aug. 19.—Senator Hitchcock today introduced a bill to prohibit the sale in this country of bonds of foreign countries engaged in war.

FIERCE FIGHTING IS IN PROGRESS OVER EXTENSIVE FRONT

LONDON, Aug. 19, 2:20 p. m.—The curt announcement in a telegram from Brussels, dated last night, of fierce fighting between Belgian and German troops along an extended front is generally accepted in London today as indicating the real beginning of the first great battle of the war.

The German attack is today again reported made on the direct orders of Emperor William himself to his generals in the field.

The exact extent of the line of fighting has not yet been revealed, but presumably it stretches in a north and south line. Beyond this its definite location is virtually guess work.

Refugees from Diest, Thirlemont and other towns in that section of Belgium, who fled as the Germans appeared, are coming into Brussels in great numbers. They declare that since the inhabitants vacated Thirlemont German shells have been falling in the town and that subsequently the Belgians broke the German advance there at the point of the bayonet.

REPORT BELGIANS RETIRING.

PARIS, Aug. 19, 10:50 a. m.—An official announcement this morning says the retirement of Belgian troops toward Antwerp is rumored, but not confirmed.

A dispatch to the Paris Midi from Brussels dated today says cannonading was distinctly heard in Brussels at 6 o'clock this morning. The correspondent adds, it is understood, that a German army is marching on Brussels by way of Huy and Judoigne.

FIERCE BATTLE IN PROGRESS.

LONDON, Aug. 19, 10:20 a. m.—A dispatch to Reuter's Telegram Company from Brussels, sent at 7 o'clock last night, says: "A fierce battle is in progress between the Belgians and Germans along an extended front. Large numbers of refugees are arriving from Thirlemont."

A dispatch to the Reuter Telegram Company from Brussels says the German advance posts covering the region between Generals Gemblus and Jodoigne are being gradually pushed back before the advance of Belgian and French forces.

The Belgians and French are now in close junction and contact with the advance lines of the German army.

ADVANCE SLOWLY BUT SURELY.

ROTTERDAM, via London, Aug. 19.—The Cologne Gazette asserts that the advance of the German troops while slow has not been seriously checked anywhere.

ARTILLERY GOES TO FRONT.

ROTTERDAM, via London, Aug. 19, 5:25 p. m.—Large concentrations of artillery are being moved to the front.

WAR BULLETINS

LONDON, Aug. 19.—According to advices received here today from St. Petersburg, Grand Duke Michael Alexandrovitch, a brother of Emperor Nicholas, has left St. Petersburg to join the Russian fighting lines.

LONDON, Aug. 19.—The Bank of England today resumed discounting bills on a large scale. The rush was so great in the early forenoon, however, that it was found necessary to suspend further dealings until tomorrow.

MADRID (via London), Aug. 19.—King Alfonso, accompanied by Premier Dato, has returned from San Sebastian and will have important conferences with the French and English ambassadors in regard to Spain's attitude toward the European conflict. It is stated.

OTTAWA, Ont., Aug. 19.—On Thursday the Canadian government will begin moving its reserve troops to the over-seas division to the assembly camp at Valcartier. The order for the movement was made last night by the minister of militia. Most of the force will reach the camp by Saturday. The last of it will be in by Sunday and preparations will then be made for their immediate dispatch across the Atlantic.

LONDON, Aug. 19.—A despatch to the Reuter Telegram Company from St. Petersburg says that a semi-official denial has been issued of the report that Russia has requested Turkey to permit a free passage of Russian warships through the Dardanelles.

MONTENEGRINS MARCH ON FORTIFIED SEAPORT OF AUSTRIA-HUNGARY

LONDON, Aug. 19.—A dispatch to the Exchange Telegraph Company from Rome sent from that city yesterday says that a message from Cetinje states that the Montenegrin army is within two hours' march of Ragusa, a fortified seaport of Austria-Hungary.

at hand of previous reports of a Serbian victory at Shabatz over 5000 Austrians sent from that city yesterday says that a message from Cetinje states that the Montenegrin army is within two hours' march of Ragusa, a fortified seaport of Austria-Hungary.

JAPANESE CRUISER IDZUMA IS IN S. F. BAY

DECK OF VESSEL ARE CLEARED IN ANTICIPATION OF WAR WITH GERMANY

SAN FRANCISCO, Aug. 19.—The Japanese cruiser Idzuma entered the San Francisco harbor this afternoon. She was boarded inside the gate by the Japanese consul-general.

PEKING, Aug. 19.—The governor of Kiao Chow, the German colony in China, today issued a proclamation saying that an attack was imminent. The majority of the non-combatants already have left the American legation. It is advised the state department to withdraw Willys R. Peck, the American consul, his presence being unnecessary because American interests temporarily are terminated. Peck, however, desires to remain.

Although the garrison of Kiao Chow is under 5000, the fortifications are believed to be formidable. Since the war began the harbor has been mined and the land defenses strengthened with wire entanglements, earthworks and

Many coolies have been employed besides the troops of the garrison. The legation quarters in Peking is deeply affected by the prospect, because many German and Japanese officers who will participate have been members of Peking society during their terms of service in the legation guards.

Young German business men have gone as reservists in the various treaty ports. There being no German laborers in China, practically all the residents are at work.

The families are appealing to the German legation to urge Berlin to capitulate, but the legation has been unable to communicate with Germany since the cables have been cut.

SAN FRANCISCO, Aug. 19.—The Japanese cruiser Idzuma arrived here this afternoon and will go into drydock. The Idzuma left San Diego on Monday with her decks cleared for action, awaiting a possible declaration of war by Japan against Germany.

At present Japan, like the United States, is a neutral power, but in connection with the latter's foothold in China, may result in a declaration of hostilities. To guard against this contingency, before she is prepared for hard service, the Idzuma's officers have decided to place her in first-class fighting trim. As she has been sailing in six seas, her better equipped with her armaments, and when she arrives in the harbor this afternoon she will go into drydock.

Several necessary repairs will be made and everything possible will be done to place her in shipshape condition. The Idzuma carries a goodly fighting force and could probably give a good account of herself, even though fighting both the Leipzig and the Nürnberg, which are supposed to be better in this vicinity. Should war be declared by Japan, before night the Idzuma would not be allowed to go into drydock here, but it is not expected that this step will be taken by the local Japanese official within the next twenty-four hours.

As far as known, here are the positions of the foreign men-of-war which many believe will fight a naval battle in the Pacific: German—Leipzig and Nürnberg—Leipzig last reported forty-five miles south of the heads at 8 a. m. yesterday. Nürnberg is at sea.

British—Belshew, Argentine and Shearwater—In British Columbia. British cruiser Newcastle reported inside Cape Flattery.

Japanese—Idzuma—Bound north from San Diego. Will endeavor to keep track of the Leipzig. Expected to put into San Francisco for cleaning.

MOANA SAILS. After having been delayed nearly 24 hours for fear of possible capture by the German cruiser Leipzig, the Union Steamship Company's steamer Moana sailed today for Tahiti, Australia and New Zealand.

The Moana's bunkers are filled with carefully rickled coal and it is believed she can outdistance anything in these waters carrying the German flag. She is heavily laden with freight and her sailing has been held up for some little time in order that the coal selected might be of such quality as to insure a maximum speed.

STEAMERS CLEAR. HONOLULU, Aug. 19.—The British steamers Niagara, bound for Australia, and the Marsa, bound for Victoria, B. C., which have been held here for several days, owing to fear of capture by the German Leipzig and Nürnberg, sailed for their respective destinations at 10 o'clock last night. The Japanese steamer Sado Maru, bound for Yokohama, also cleared at the same hour.

French—Montcalm—Supposed to be in the vicinity of the Idzuma, but not yet seen. If there is, it is protected by fog. May have sailed from the Mexican coast two months ago for Tahiti.

British—Belshew, Argentine and Shearwater—In British Columbia. British cruiser Newcastle reported inside Cape Flattery.

Japanese—Idzuma—Bound north from San Diego. Will endeavor to keep track of the Leipzig. Expected to put into San Francisco for cleaning.

VIEWS OF WAR-TORN CITIES OF EUROPE. AT THE TOP IS SHOWN THE FORTIFICATIONS AT DIEST. DINANT IS IN THE CENTER AND BELOW IS PICTURED A BIT OF STRASSBURG.

KAISER'S ARMY MARCHES ON CAPITAL OF BELGIUM

(Continued From Page 1)

tingents of Austrian troops, including mountain artillery, which the German army is without, have passed points along the Rhine on their way to the front.

DINANT CARNAGE TERRIBLE.

PARIS, Aug. 19.—Details of the fighting at Dinant between the French and German troops show that the carnage was terrible. The first French company, although decimated, held a position until another company came up with artillery, which destroyed a bridge. The French cavalry then advanced and pushed the German attackers back into the Meuse.

BEGIN FORWARD MOVEMENT.

LONDON, Aug. 19.—A dispatch from Brussels to the Central News says that the Germans last evening commenced a forward movement over the whole battle line. It is stated that the movement has been made by direct orders of the Kaiser.

A Reuter dispatch from Brussels says the Germans made another attempt to cross the Meuse yesterday by a bridge not far from Dinant, where cannonading was resumed. The French artillery repelled the attack with considerable loss.

Heavily censored dispatches from Brussels indicate an artillery bombardment and heavy infantry attack by the Germans at Louvain, which is the Belgian army headquarters. The enemy was in great force, but Brussels announced it was being held back. This is a part of the movement to capture Brussels. Definite results and details of the conflict have been suppressed.

LONDON, Aug. 19.—Reuter's Brussels correspondent sends a graphic account of the fight Saturday at Dinant for possession of the ancient citadel dominating the town.

"The citadel," the newspaperman says, "was captured by the Germans who hoisted their flag on it at 1:30 o'clock in the afternoon. All afternoon the Germans maintained a devastating fire from rifles and one machine gun on the French below."

"The French artillery silenced the German guns and by 7 o'clock in the evening the Germans were retreating. Only the citadel continued to shower lead on the advancing French. The citadel is on a hill south of the town which rises to a height of 300 feet. It is an ancient work and now of no military value, but it is difficult to take by assault."

"The French, when the night sounded the charge, fixed their bayonets and began to swarm up the numerous steep and rocky paths leading to the summit under a deadly hail from the machine guns and rifles above, keeping their eyes fixed on the German flag floating from the citadel."

"They climbed steadily, disregarding their losses, and a well-planned French shell silenced the machine gun a few minutes later. The French soldiers tore down the enemy's flag while the scaling party fired down on the fleeing Germans."

WATERLOO IS OBJECTIVE. The Daily Express correspondent, at Belgium, who was expelled Monday according to the Belgian government's decision to allow no outside newspapermen in Belgium, arrived in Ostend yesterday and sent the following dispatch to his paper:

"The great battle may be said to have begun on Saturday when an attack was made on the French positions south of the River Meuse, near Dinant. This faint attack without much weight, was begun at dawn on Sunday in an attempt to strike toward Waterloo and France. The battle started with the pushing forward of cavalry supported by infantry and artillery."

"This entire force, as soon as it came in contact with the Belgians, was virtually surrounded and its advance guard exterminated. The shattered fragments fell back on the massed German armies waiting to attack."

"Later on Sunday the main German attack began from Salmir, eleven miles east of Brussels. The fighting was tremendous, great execution being done on both sides."

GERMANS STRONG IN NUMBERS. "By sheer weight of numbers the Germans finally forced the Belgians back on their second line. Then the French came up and heavy firing was heard all along the line all day yesterday at night."

"The German advance did not follow any of the main highways. They were unable to operate their heavier field artillery."

"The outstanding facts in the developments of the present week is the dramatic abandonment of Brussels, which was an heroic act of self-sacrifice by the Belgians. The Belgian state leaders almost broke down and wept in their council chamber when they decided that for the good of Europe Belgium must allow the Germans to enter Brussels."

"Brussels is being held out to Germany as a bait. Germany may destroy Brussels, but the deeper she strikes the more surely does her head enter the lion's mouth. In front and on all sides Germany will find hostile armies."

"History is about to repeat itself. A second emperor is to meet his Waterloo."

MAY EXPORT AMERICAN-OWNED MOTOR CARS. LONDON, Aug. 19, 3:05 P. M.—Robert P. Shinn, the American Consul-General in London, today received a communication from Sir Edward Grey, the British Foreign Secretary, saying that the British Government would permit the exportation of American owned motor cars on proper representations being made to the customs authorities.

The government also is willing, the foreign secretary said, to turn over to the United States of America, American bred horses and polo ponies, which are not needed by the military, though the question of the military fitness of the animals must first be decided.

Committee Reports on Execution of Officers. PARIS, Aug. 19, 9:50 A. M.—The Brussels correspondent of the Havas Agency telegraphs as follows:

breaches of the laws of war by the German army. The statement of facts in the case of Major Van Damme, who was wounded at Telen on August 12 and dispatched, is claimed, by a revolver shot from the German army. It is set forth that Major Knappen was killed under similar circumstances at Ormaiz on August 9.

The Belgian and French allies are in contact with the advance lines of the German army.

CHICAGOANS VIEW TERRORS OF WAR

James A. Patten and Wife Reach New York After Exciting Journey.

NEW YORK, Aug. 19.—James A. Patten of Chicago and his wife, passengers on the Finland, which arrived today, said they were in Carlsbad when hostilities began. They left immediately for Antwerp. At Nuremberg they were taken to a guard house and rigidly examined before they were permitted to continue. With but little food Mr. and Mrs. Patten had to hire a horse and cart to get from Herenthal across the Belgian frontier to Verliere.

"From Verliere we proceeded by cart toward Liege," said Patten. "We had not progressed three miles when we came upon a party of Belgian engineers mining the road. They had great piles of dynamite stacked there ready to plant in the ditches they were digging across the road."

"They advised we had better go to Liege by another road; we hastened to do so."

3500 KILLED BY MINES. "Two hours later another party of engineers, backed at this time by a skirmish between the Belgians and the Germans, were working on the ditches while the Belgians fired over them."

"Next day 3500 Germans were killed by the mines we had seen the engineers planting."

"We arrived at Liege at 1 o'clock on the afternoon of August 1. The Germans tried to get a train for Brussels two hours later. But we did not leave before we heard the thunder of the forts' cannon repelling the first onslaught of the Germans. The town was cold with fear."

Other passengers on board the Finland said that Patten had bought and paid for steamship tickets for nine stranded Americans.

TO CREATE BOARD OF WAR RISK INSURANCE

WASHINGTON, Aug. 19.—The administration bill to create a government board of war risk insurance in the Treasury department for American ships was introduced in the House today by Representative Alexander C. Mitchell, chairman of the House Merchant Marine committee. This bill would authorize the insurance of American cargoes or vessels whenever the owners are unable to secure adequate protection equal to the insurance granted foreign ships by countries dealing in war risk insurance.

The measure, appropriate \$5,000,000 to pay insurance losses and \$100,000 for administrative expenses. It was agreed on at a White House conference attended by Representatives Underwood and Alexander and Senators Simmons and Clarke.

The committee of business men summoned to Washington last week to confer as to emergencies arising out of the European war. The bill immediately was referred to the merchant marine committee. Chairman Alexander said the committee would meet tomorrow.

The Emergency bill was introduced in the Senate by Senator Clarke and referred to the committee on commerce of which he is chairman.

LIFE SAVED BY BED. SAN FRANCISCO, Aug. 19.—A feather bed placed beneath a skylight in a flat at California and Cleveland street, saved the life of Howard P. Green, a painter of 328 Third street, who lost his balance and plunged through a light well shortly before noon today. Green was painting on the roof when he slipped and fell, dropping headfirst through the skylight. He struck on the bed, his escape was a fractured rib and cuts of the hand received by smashing the glass in the skylight.

CITY MAKES TRANSFER. C. B. Meserole, senior bookkeeper in the city engineering department, is to be transferred to the department of public works, where he will handle the accounting and bookkeeping for Commissioner Harry S. SINKING OF GREAT CRUISER DESCRIBED

How British Warship Amphion Was Sent to Bottom by Mine.

LONDON, Aug. 19.—The official information bureau has issued an interesting account of the sinking of the British cruiser Amphion by a mine in the North Sea, which was first reported last week.

As soon as the Amphion and the third German ship had proceeded to carry out a prearranged plan of search, the report continues as follows: "A trawler informed them that she had seen a suspicious ship throwing things overboard. Shortly afterward the German mine layer Koenigstein Luitze was sighted bearing east. Four destroyers gave chase and in about an hour's time sank the mine layer and the Amphion.

"After picking up the survivors of the German ship the plan of search was carried out without incident until 3:20 in the morning. At this time the Amphion was on her return course when near the scene of the operations of the Koenigstein Luitze, her course was altered to avoid the danger zone. This was successful until 4:30 A. M. at which hour the Amphion struck a mine."

"A sheet of flame instantly engulfed the bridge. The captain was rendered insensible and he fell to the deck and was killed. The captain recovered consciousness he rung the engine room to stop the engines, which were still going at revolutions for twenty knots. As the forward part of the Amphion was on fire, it was found impossible to reach the bridge or flood the fore magazine."

"BACK SEEMED BROKEN. "The ship's back appeared to be broken and she was already sinking to the bows. All efforts, therefore, were directed to placing the wounded in places of safety in case of an explosion and in getting the crew to the bottom by the stern."

"By the time the destroyers had closed in it was clearly time to abandon the ship. The men acted for this purpose with the same composure that marked their behavior throughout. All was done without hurry or confusion, and twenty minutes after the cruiser struck the mine the men, the officers, and finally the captain, had left the ship."

"Fifteen minutes after the vessel had left another explosion occurred. This exploded and blew up the entire fore part of the vessel."

"The effect of this second mine which exploded the fore magazine. Debris falling from a great height struck the rescue boats and the destroyers, and one of the Amphion's shells burst on the deck of one of the destroyers, killing two Britishmen and one German prisoner. The aft part of the Amphion then began to settle quickly until its foremost end was on the bottom and the ship after part inclined to an angle of 45 degrees. In another quarter of an hour this also had disappeared."

U. S. OFFICIAL IN COPENHAGEN. LONDON, Aug. 19.—Americans who arrived here today from Denmark say they saw A. A. Ade, the American second assistant secretary of state, in Copenhagen. Ade has been spending his summer vacation on the continent.

Major James H. Keenan was a correcting the American government relief measures in London. Has opened offices in the Army and Navy Mansions, 115 Victoria street where among other things, he will provide steamer reservations for stranded Americans.

Colonel J. E. Willard, the American Ambassador to Berlin, left London today for Paris accompanied by Captain Ralston. He will go on immediately to Madrid.

RESIGNS FROM ARMY. Reuter Telegram Company from Berlin by way of Amsterdam says: "Sir John D. B. Smith, British Inspector General in the Sudan and an honorary major general in the British army, has resigned his Sudan post in consequence of Great Britain's declaration of war against Austria, in which country he was born in 1857 and in which he was created a baron in 1906. He has returned to Vienna and will place himself at the disposal of the war minister."

NICHOLL FORTUNE IS \$2,000,000

Founder of Richmond Leaves Entire Estate to His Nine Children.

The will of the late John Nicholl, pioneer land owner of Richmond, was filed with the county clerk this afternoon, bequeathing his entire estate of \$2,000,000, equally divided, to his nine children.

"I have tried to divide my estate in various ways, but not satisfactorily to all concerned, because the division was not equal. For the reason that some of my property has increased in value while other decreased, and such division at that time would not be a proper one at this day and date, and does not conform to my ideas of an equal division of my property among my children, which is the only desire that I have at this time; that is, that they share equally."

The will is dated May 8, 1914. John Nicholl died at the age of 82 years, July 25, 1881. He resided at 1724 Fourth avenue. He was one of the first pioneers of Alameda county who accumulated large holdings in the territory which is now the city of Richmond and his estate consists largely of property in that territory.

The heirs are his nine children, Janetta Weir, John H. Nicholl, Mary E. Nicholl, Annie Wells, deceased, Joseph L. Nicholl, Agnes B. Clark, Lulu G. Wilson, Hester H. Nicholl, and William E. Nicholl. John H. Nicholl is named executor to act without bond. Mrs. Nicholl, wife of the testator, died in 1898.

Since the death of his wife the aged philanthropist has made his home with his daughter, Miss Mary Nicholl in East Oakland. At the time of his death an assistant of the family was present, who began his statement of the will and is not expected to live. Nicholl settled in San Francisco in the early days of the gold rush and came from New York state. He acquired 200 acres of the old San Pablo rancho which is now Richmond, and held on to the property until he died.

KAISER SENDS ANSWER TO PRESIDENT WILSON. WASHINGTON, Aug. 19.—President Wilson received from Emperor William a long message transmitted through Ambassador Gerard, the contents of which were guarded closely, but which, it was learned, expressed the grateful appreciation of Germany for the tender of good offices made by the United States.

The German Emperor in addition took occasion to point out at some length the causes of the present war and argued, it is understood, that at the very time he was trying to mediate between Austria and Serbia the Russian mobilization began. His statement is said to follow the lines of previous official utterances from Berlin. It was this message which Emperor William wrote while sitting with Ambassador Gerard in his picturesque garden in the midst of his war maps.

White House officials denied that the message contained any protest concerning the attitude of the American press toward Germany. It was confined entirely to a statement of the German Emperor's position. Officials admitted that there was nothing in it which could be construed as an indication of whether the emperor would at any future time accept the tender of good offices.

It was announced today that Harry Staples, he said the retailers were forced to increase prices to the consumer in order to make any profit.

EXPLAINS FLOUR ADVANCE.

MINNEAPOLIS, Aug. 19.—The recent advance in the price of flour here was not due to any arbitrary action of the Minneapolis millers, according to Harry Sterling, special agent of the department of justice, who completed an investigation of the local flour market here today.

CHICAGO GRAND JURY TO ACT.

CHICAGO, Aug. 19.—A hint that the Federal investigation of recent increases in food prices might embrace examination of certain food and wheat transactions was given by District Attorney Wilkerson today.

"I have received a number of complaints against the world of trade relating to certain operations there, but I do not yet opportunity, in the rush of other business, to scrutinize them," he said.

"Consequently I prefer not to discuss them now."

Wilkerson said the Grand Jury expected to complete the investigation of

able," said Sterling. "The rise in wheat was due to the war. The problem for us is to ascertain if there has been any disproportion between the rise in flour prices and the advance in wheat quotations.

"I have no evidence of any arbitrary action or agreement by the local millers," said Sterling, "and shall report to the district attorney."

GOTHAM MAKING INQUIRY.
NEW YORK, Aug. 19.—With the city planning department's investigation of markets and meat markets and the police in every borough obtaining comparisons between yesterday's prices it was announced at the District Attorney's office late yesterday that the promised inquiry into the higher cost of living here since the outbreak of the war in Europe will begin on Thursday morning.

District Attorney Whiteman will conduct the inquiry. The city planning department was furnished by a wholesale firm a circular letter issued by the wool cotton company of New York announcing a twenty per cent advance in prices on all wool and cotton goods. The circular stated that the reason for the advance was the "shortage of raw materials."

JUSTICE FIGHT IS DUAL PRIMARY TO BE DECISIVE

JAMES G. QUINN, JUSTICE OF THE PEACE OF OAKLAND TOWNSHIP, CANDIDATE FOR RE-ELECTION.

Justice James G. Quinn of Oakland Township is completing his campaign for re-election by making a number of speeches nightly throughout the township. Quinn, who was reared in Oakland, is one of the most popular of the candidates aspiring to office and has a great number of friends in Oakland, where he has long served as justice of Oakland township.

Justice Quinn received his entire education in the public schools here. He attended the primary grades, the grammar school and the high school in Oakland, and was graduated from the University of California. Immediately after obtaining his diploma Quinn began the practice of law here.

Justice Quinn has always maintained his reputation for legal ability, fairness in decisions and untiring energy as an official. He long ago established his

home in Oakland, where he resides with his wife and two children.

As there are only two candidates for the office of justice of the peace of Oakland township, the primaries will be decisive, and therefore it becomes the final election as far as this office is concerned. Justice Quinn is opposed only by the Socialist nominee, who loaned his name to the party, Quinn's supporters say, to fill out the ticket. Quinn's friends predict that he will be re-elected by an overwhelming majority.

He has received a large number of political endorsements and practically every organization within Oakland township has assured him that they will work for his return to office.

Oakland township consists of Oakland west of Lake Merritt, Berkeley, Piedmont, Emeryville and Albany.

Quinn is speaking nightly throughout this district and is being received everywhere with great enthusiasm.

SAN FRANCISCO PROUD FATHER OF TRIPLETS

SAN FRANCISCO, Aug. 18.—August 18 has been very generous to Mrs. Herbert E. Seibel, of 2447 Thirty-sixth avenue, who this morning became the mother of triplets on the fifth birthday of her eldest daughter Alice.

There are already two children in the family, Alice, whose birthday came today and Clara, who is three years old. There is great rejoicing in the household.

"You can bet they are welcome," said Mrs. Seibel, who has been very busy around here with nurses and relatives and looking after mother and children, but this afternoon we are going to have them weighed and we won't be ashamed of their weight either."

We are living in hope that some day there may be a war in which all the names will be easy to spell.

WOMAN MANAGER NEW HAMMERSTEIN

New York Club Leader Scores a Success as Opera Magnate.

Oakland has the honor of entertaining this week at the Pantheas the only manager of a grand opera organization in this country and one of the most notable figures in the world of women's work. It is that of Mme. Doree-Lyon, who is the manager of the Imperial Grand Opera Company, singing excerpts from the world's most noted compositions. Mme. Doree-Lyon has originated the scheme of tabloid grand opera for the extent of giving the best and most catchy portions of the story and music of at least three operas in one performance, each one being directed by the conductor, the Signor Ernesto Gargano.

Mme. Doree-Lyon has long been distinguished in the annals of musical editorship. At the present time she is the editor of the "Clubwoman," the official organ of the National Federation of Women's Clubs and is also president of the New York State Federation. She was the official hostess for New York at the St. Louis exposition and for three years was president of the Electric Club of New York.

Mme. Doree-Lyon was also the first president of the New York City Federation of Women's Clubs and is a past president of the National Art Club, which has a membership of sixty thousand. She is also honorary president of the American Criterion Society, and through these various organizations is well known to the Oakland public.

Mme. Doree-Lyon conceived the idea of presenting to the American public a series of tabloid operatic productions, embracing excerpts from the scores of the world's most famous composers while traveling in Europe. She found that even the humblest of European citizens was familiar with operatic productions, but that few in America, outside of those trained in music, knew but little of the master works of opera. She here engaged her little company of song birds, getting the best and freshest of the youngest voices and those who had excelled in some particular role. To make the plots of the opera known, she gives a short resume of each before the curtain goes up, and that this is keenly appreciated is attested by the applause that greets her efforts.

In the organization are Mme. Liane Doree, soprano; Sig. Raimondo Strak, baritone; Benjamin Ruben, bass; John Murfee, second tenor; Saul Rosselle, baritone; Signora Rectoria De Sacco, soprano; Signor Sig. Romolo, tenor; Anton Heymann, tenor; Miss Naida Kirbes, contralto; Miss Eva Tugby, soprano; dramatic soprano; Miss Eva Tugby, soprano; and Mme. Vivian Holt-Ruben, soprano. They will perform the operas of "Carmen," "Rigoletto," "L'Avanture," and "Mlle. D'Alamir." Mme. Doree-Lyon states that those wishing to hear all of the operas in this evening may stay as long as they please. In other words, they may witness both performances and witness "Il Trovatore" in addition to the other operas given.

ATTACK ANTI-TRUST BILL
WASHINGTON, Aug. 19.—An attack by Senators Pomeroy and Borah on the sections of the Clayton anti-trust bill exempting labor and agricultural organizations from the provisions of the bill yesterday in the Senate. The Senate agreed to the Judiciary Committee's amendment making dissolution decrees gained by the Government against a trust "prima facie" evidence in subsequent suits by private parties for damages. The House bill made such decrees "conclusive" evidence.

WESSELLS SPEAKS BEFORE AD CLUB

Gives Interesting Lecture on Salesmanship Before Representative Audience.

What proved to be one of the most interesting and valuable lectures given in Oakland was the motion picture lecture on "Salesmanship" given by George M. Wessells before the Ad Club at the Forum cafe yesterday noon and at the Unitarian Church, Fourteenth and Castro streets, last evening before a crowded gathering of salespeople. This lecture was the first of a series of lectures on the subject of salesmanship.

The talk which Mr. Wessells gave at the Ad Club luncheon before a representative group of business men was particularly noteworthy. Wessells emphasized the fact that one thing that is necessary in selling the minimum wage problem is to provide some means of increasing the efficiency of the salespeople, and that the only way to do this is to have placed in the schools a practical course in salesmanship, a course which will teach something about text-

tiles, materials, color harmony, design, store mathematics, salesmanship, etc.

"If we make of salesmanship a profession," said Wessells, "placing it in the schools the same as we have stenography, bookkeeping, etc., we will create a different feeling on the part of school children toward service in the stores. The public will be better served and school and life will have been brought much closer together than ever before."

The interest taken by the school people of Oakland in this work shows that they are anxious and willing to cooperate with the business men in placing efficiency courses in the schools. A large number of teachers have interviewed Mr. Wessells, the Polytechnic High School having asked him to speak before the students tomorrow morning.

The State University is also particularly interested, a number of the members of the faculty having signified their intention of attending in a body. They realize that it is only a question of time before a course of this character will be installed in that institution and teachers qualified to teach the subjects required be produced.

LADIES' CLUB TO MEET.

The regular meeting of the Glenview Ladies' Club will be held Thursday afternoon, August 20, in the clubhouse on Park Boulevard and Wellington street, under the direction of the president, Mrs. F. B. BROKER QUARRELS; IS DISFIGURED BY KNIFE

SAN FRANCISCO, Aug. 18.—A real estate broker of Los Angeles, was disfigured for life when he was attacked in the hallway of a hotel at 761 Howard street, early this morning. Nolan accuses a man named James McDonald, whom he met in a saloon earlier in the evening.

He had a quarrel with McDonald and the latter left the place threatening vengeance, he asserts. Later when he was about to enter his room he was accosted by the offender, who after hurling an epithet at him, drew a knife and slashed him across the face. The wound penetrated to the bone and the victim was taken to the Central Emergency Hospital for three hours in order that the scar might be as small as possible.

Detective Kracke searched the rest of the night for McDonald, but he was not located.

WORKERS HEAR KNOWLAND

Keesling's Invasion of Alameda County Begins

Congressman Joseph R. Knowland, who is winding up his campaign in the bay cities, will deliver an address at the Union Iron Works today at noon, where he will speak to a large number of employees. Mrs. Knowland's first speech to the workingmen during the campaign was made several weeks ago at this place, where she was given a very cordial reception.

Tomorrow Congressman Knowland will begin a tour of Contra Costa county, holding meetings and consulting with leading Republican friends.

Further refutation of the published claim of Samuel M. Shortridge, candidate for the Republican nomination of United States Senator, that his candidacy had been endorsed by the Republican County Central Committee of Sacramento county was refuted at a meeting of the committee yesterday in the following telegram from W. T. Walker, chairman of the committee who is now in Chicago:

Central Committee has not, and will not, endorse anybody for any office. Want the Republican voters themselves to choose at primary. Anything to contrary absolutely untrue, no matter from what source.

W. T. WALKER, Chairman.

Tonight at Dreamland Park in San Francisco, W. C. Ralston will hold a large

big effort of his campaign in the bay cities, although he will hold smaller meetings during the week. Former Governor Gillett will introduce Mr. Ralston to the audience and Charles H. Duntun, of Sacramento, a Republican speaker of prominence, will deliver an address. A large number of vice-presidents have been named, prominent among them being several well-known Republicans from the bay cities. Mr. Ralston will appear shortly after 8 o'clock.

Captain John D. Fredericks spoke last night in the opera house at Salinas, where he had a splendid audience. Captain Fredericks is on his way home, where a great reception is planned for him Saturday night. Reports received at his headquarters say Captain Fredericks is making good headway as he progresses down the coast line.

Associate Justice Frank M. Angellotti of San Francisco, candidate for chief justice of the supreme court, is home from Sacramento by way of Stockton, where he has been making several speeches and has received his supporters' indications are very favorable for his election. During his stay in the state capital his candidacy was endorsed by 86 prominent Republicans of the city, who were early enlisted in his cause.

A. J. Cloud, candidate for state superintendent of public instruction, Herbert Hauser, E. Morris Cox, Ezra W. Brown and C. McKee will be the speakers at a neighborhood meeting at the Franklin school to night at 8 o'clock.

The Women's Democratic Club of Alameda county announces a special meeting in the blue room of the Hotel Alameda Friday at 8 o'clock at which time Miss Elsie Morse, W. J. Hayes and other candidates will speak.

State Controller John S. Chambers is in the bay cities attending to his political duties, and will remain here until the close of the campaign.

Residents of Fitchburg will hold a political meeting and several third party meetings at which Charles W. Meyer and Harry Boyle will speak.

Thomas F. Griffin, candidate for the Democratic nomination for United States senator, will hold a noon meeting in San Francisco.

Frederick S. Stratton, candidate for justice of the appellate court, and formerly collector of the port of San Francisco, is receiving the endorsement of all parties. Last night he was endorsed by the Greater Progressive League of Alameda county. He has also been endorsed by all of the Republican clubs of Alameda county.

Dr. Charles L. Tisdale, candidate for re-election to the office of coroner, is pretty busy these days. On Monday evening he spoke before the Hayward Civic Center and at a large meeting in Redwood hall in Alameda. He also spoke at a large meeting at the Elmhurst school in Alameda. The large Republican meeting in Native Sons hall in Alameda, presided over by Mrs. J. H. Platts, at a neighborhood meeting at the home of Mr. Callahan on Third avenue and a meeting on Sixty-third avenue. He has five meetings scheduled for tonight.

Carpet Mechanics' Union No. 5 of Oakland has endorsed the candidacy of County Treasurer M. J. Kelly for re-election. County Auditor and Assessor George E. Gross for the office of county clerk, and Sheriff Frank Barnett, in the following resolution:

"Whereas, M. J. Kelly, George E. Gross and Frank Barnett have for several years last past respectively filled the office of treasurer of Alameda county, auditor and ex-officio assessor of the city of Oakland, and sheriff of Alameda county; and

"Resolved, That Carpet Mechanics' Local No. 5 does hereby endorse the candidacy of M. J. Kelly for re-election to the office of treasurer of Alameda county, of George E. Gross for the office of clerk of Alameda

ONE PLANK IN PLATFORM CONSCIENTIOUS RECORD

GILMAN W. BACON, who seeks to again fill his office of Alameda County Recorder.

"A man whose record is clear in his own mind need have no fear of the voters of any county."

This is the axiom of Gilman W. Bacon, and the motto on which he is running for re-election to the office of County Recorder. Bacon is making no elaborate campaign; he is letting his record make his campaign for him, he declares.

"I believe that the county should employ its servants as a business house does," explains the official. "I have fulfilled the duties of my office and proved that I am competent. A private concern could not ask more and I believe that a county would not ask more. There has never been a word said against my office, and it will show up favorably with the greatest recorder's offices of the

country. Efficiency is all I claim, and I can prove the claim."

Recorder Bacon has installed many innovations in his department since assuming charge, and today is able to boast one of the best regulated recorder's offices in the United States. One of the most notable of his reforms is the substitution of typewritten records for the old written records of deeds and other documents, this innovation not only reducing the number of blankbooks by one-half, but making the records more legible, more permanent, and more useful. With the installation of the new systems, Recorder Bacon has saved the county in the neighborhood of \$40,000.

"When a man does the work he's hired to do he's entitled to stay in the job," says Bacon, "and I have no fear of the public, for the average man realizes this. I therefore point to my work and the money I have saved the county, and am willing to let my case rest at that with the voters."

RABBI COFFEE TELLS OF PITTSBURG REFORM

At an enthusiastic meeting in Maple Hall last evening, Rabbi Rudolph Coffee made a strong indictment of the methods of dealing with the social evil still in vogue in many communities. He told of the work of the Moral Efficiency Commission of Pittsburgh, of which he was chairman, and of the conditions discovered there.

The action of the commission in Pittsburgh was far from precipitate. "We began," said Rabbi Coffee, "by saying we did not know what to do about the social evil, but that we would try. Eighteen months later we adopted a definite policy of gradual restriction looking to ultimate elimination."

"Attempts to regulate the evil are futile, and are being abandoned all over the world. Even those communities which continue the system are but half-hearted in their application of it, realizing that the true solution must be found in another direction. So that even in Europe regulation is being abandoned, and measures adopted to suppress the evil. Efforts to regulate vice lead to a multiplicity of laws. We have too many laws on this subject. You in California have the opportunity this fall at one blow to take away from elected officials their greatest temptation to bribery."

"Two years ago the people of California rose in their might and settled for good the plague of the question of the race track. This fall you have the chance to vote on another purely moral issue which will enable you to show again that you place human souls at a higher valuation than dollars. A right vote on the question will go far to justify woman suffrage in the minds of states that have not yet given the ballot to women. You may be sure that the newspapers of the day following election will be scanned closely by me. I shall be peculiarly anxious to know how Mr. City Oakland votes on a measure as important as I consider this fourth amendment to be."

Dr. John C. Spencer and Franklin Hiebert, state campaign manager for the "abatement bill," spoke also. The meeting was held under the joint auspices of the Public Welfare League, the Oakland Center of the California Civic League, the Child Welfare League and the Daughters of Israel. Arthur Arlett, president of the first named society, presided.

LAKE VIEW MEETING.

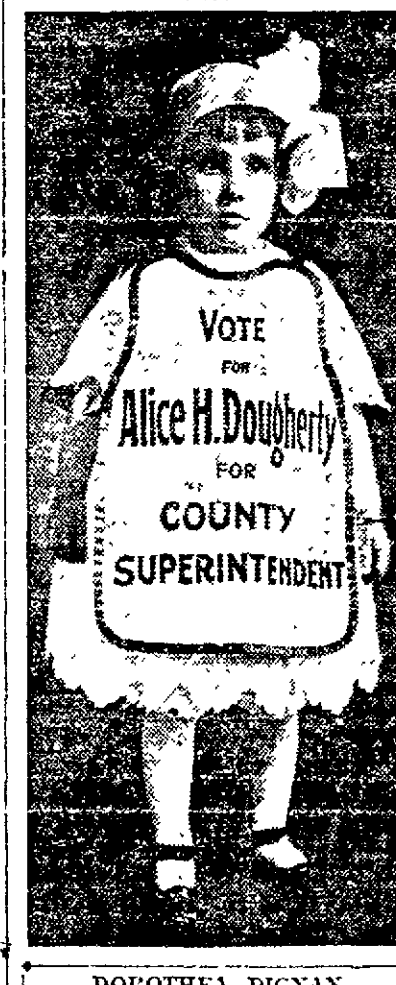

The Lake View Woman's Club, an organization less than a month old, and therefore one of the newest in the city, announces an open meeting to be held at 8 o'clock Friday afternoon, August 21, at the Lake View School on Grand avenue and Perry street. The club extends a cordial invitation to all the women of the Lake View district to attend, as addresses will be given on this occasion by several candidates seeking nomination at the coming primaries.

"VOTE FOR MY AUNTIE ALICE"

Two-Year Old a Most Energetic Political Worker

DOROTHEA DIGNAN.

DOROTHEA DIGNAN, the youngest suffragette in California, is campaigning for her aunt, Alice H. Dougherty, for Superintendent of Schools of Alameda county. Dorothea is just two years of age, a native daughter and a fervent supporter of her aunt Alice. Dorothea is appearing in the movies, and at the political meetings with her aunt, asking all to vote for Aunt Alice. She loves her aunt and wants all the children in the public schools of the county to know Aunt Alice. She wants all loving fathers and mothers to remember Alice on election day and know Alice as the children's friend. Dorothea's vocabulary is limited, so she bears her message to the voters stamped upon her little shield, while her expression pleads for her aunt. Dorothea says: "Vote for Aunt Alice."—Advertisement.

SHIP ON ROCKS; PASSENGERS RESCUED

Collisions in Fogs on Both Coasts Are Reported.

VANCOUVER, B. C., Aug. 19.—Vancouver officials of the Grand Trunk Pacific were without any further news today of the accident to the steamer Prince Albert which went ashore in a fog on Butterworth rock, twenty-five miles from Prince Rupert, last night. Officials here say that the boat can be gotten off and will be towed to Rupert by the Prince John and the government steamer Lil-loot, both of which are standing by.

Ships in Collision.

NEW YORK, Aug. 19.—In the early morning mists off the New Jersey coast yesterday the steamer Westlands, from Antilla, Cuba, with sugar, was in collision with the steamer Manna Hata, New York to Baltimore with freight. Captain Granger of the Westlands, reported that neither vessel apparently was seriously damaged. No one was hurt. There were no passengers on either ship. The Westlands came into quarantine with her port bow damaged from the deck to a point three feet below the water line. She was not leaking, however. The Manna Hata later put into Delaware breakwater with her stem twisted and smashed in two feet above the water line and her foremast in her hold. The collision occurred about seven miles northeast of Northeast End lightship, near Cape May, N. J.

GIRLS MAY NOW COME HOME LATE

New Y. M. C. A. Matron Says She Will Use Her Own Discretion.

There was no in the Y. W. C. A. under the old management, and the girls who attended dances in the small hours were among those who were wrathful, but it's all over now. "Discretion in management" and a new home secretary have restored peace. The girls aren't supposed to stay out late of nights, any more than they were in the old days, but the rule won't be so rigid as it was once; and a missed car won't mean being locked out in the cold.

Mrs. Alice De Witt Weston, formerly of the Deaconess House, New York, and a noted East Side settlement worker, has taken charge of the girls' boarding house at the Oakland Y. W. C. A. She began her active duties today. She will spend several days, she declares, looking into affairs of the girls' home and will probably install several changes in the system. Mrs. Weston is one of the foremost experts in girls' homes in the United States.

The old rule was that the girls who went to parties and came in after 10 o'clock were locked out. It didn't always apply, but on several occasions it caused trouble, according to rumors from the home. Girls who missed cars or went to parties objected. Mrs. Weston won't cancel the rule, she says, but will use discretion, and of course that looks good to the girls who attend mid-week parties.

"I don't want to say anything about my rules just yet," declared the new matron. "It's too early. I think I'd better wait until I know the field. All I can say is that we will use discretion."

The old rule was the cause of considerable woe a few weeks ago, when according to girls in the home, Mrs. McDonald, the former matron, locked out a number of girls returning from a party. The affair was later settled by mutual apologies.

\$1,000,000 FAIR FUND DISCUSSED BY CLUBS

Campaign details for the big movement planned by Oakland boosters to make good the pledge of \$1,000,000 for the Panama Pacific Exposition, made during the fight before Congress to bring the big fair to San Francisco, will be completed tonight at the Chamber of Commerce, when the committee of 100, gathered from the commercial organizations of all parts of the county, will meet to arrange the work for the coming battle for funds. The meeting will be called promptly at 8 o'clock, and representatives from Oakland, Marin, Tiburon, Brooklyn, Washington and Eden towns will be among the speakers. Commercial Club and Chamber of Commerce members will also be present.

CAR SHORTAGE NEAR

"Load and unload your cars now!" This is the warning, issued to Oakland manufacturers and shippers, by the Chamber of Commerce, an advisory body from the California Railroad Commission. The war situation and the heavy fruit crops of California have combined, according to reports, to make a "car shortage." Complaints have already been received from Fresno, San Jose, and other points.

WOULD PET BEARS.

SAN FRANCISCO, Aug. 19.—Overtures made to Chief of Police White last week for the sale of two bears, resulted in the following letter which was this morning of a letter which reads: "Dear Chief—Please buy those bears and put them in the park on Eighteenth street in the Mission. I love bears and I could feed them peanuts and cookies every day."

ANGRY WOMAN CHASES SPOUSE WITH REVOLVER

Lying in wait for her husband, who she alleges was in a cafe on San Pablo avenue with another woman, an angry wife last night was the cause of a lively chase through the downtown district until dispersed by her husband and private detectives. It was then found that the gun wasn't loaded.

The woman in the case gave her name as Mrs. C. A. Steele. She declares that the man was C. A. Steele, and states that she saw strong evidence of a divorce case. The name of the woman who had accompanied the man was not learned by the detectives. In her flight she dropped a fur coat, but later it disappeared.

The woman applied to the William E. Falconer Detective Agency, asking a man to investigate her husband, and a detective was detailed to the case, locating the couple. The woman, whose home is at the Hotel Crellin, accompanied the investigator, but when she found the couple, took affairs into her own hands, and drew a revolver. The man disarmed her, she declares that she will file suit for a legal separation in the Superior Court at once.

WOMAN WITNESS IS MISSING ON JOURNEY

SAN FRANCISCO, Aug. 19.—Suspicion of foul play attached to the disappearance of Mrs. Calla M. Stevenson, whose mother, Mrs. James Deasy, has brought suit in superior Judge Graham's court to set aside a deed. Such was hinted by Mrs. Deasy when she took the stand today and explained that she was irresponsible at the time she deeded her property to George S. Stevenson, her daughter's husband. Mrs. Stevenson admitted, her mother was not in her right mind when she made the transfer. That day she was placed on board a train for Suisun, where she was to visit her sister. She never reached Suisun and nothing has ever been heard of her since, although Southern Pacific detectives and police have searched for her.

MAY CHANGE R. R. DEPOT.

SAN FRANCISCO, Aug. 19.—The Nevada-California-Oregon Railway this morning applied to the Railroad Commission for authority to discontinue its agency at Hot Springs, Lassen county. The company proposes to move its station a little over a mile to the southward and open a joint agency with the S. P. at a station called Colusa. A similar application has been made to discontinue the agency at Doyle, Lassen county, and to open a joint agency with the Western Pacific Railway Company.

PEACE FOREVER IN BAY CITIES

San Francisco's Chamber of Commerce, the Board of Supervisors and the Los Angeles Chamber of Commerce have rescinded a former resolution and have withdrawn their support from the San Francisco constitutional amendment fixing the minimum of consolidated cities and counties at 175,000 and permitting the annexation of contiguous territory, and have approved, and will support, the Oakland constitutional amendment placing the minimum population at 50,000, which means that San Francisco will not attempt to annex any part of Alameda County.

This result was brought about at a meeting of the San Francisco supervisors Monday as a result of arguments made by the Chamber of Commerce of the cities of Los Angeles and San Francisco after deliberation of the most careful character and a complete canvass of the situation.

This conclusion of what otherwise might have been a struggle between the cities on the east side and west side of the bay is gratifying in the extreme. Because Oakland and the other cities on the continental side have always entertained an affection for San Francisco, have gloried in her progress, knowing it was their own, have appreciated her advancement for the reason it was theirs, have admired her growth, realizing they were growing with her and building up around the greatest bay on earth a chain of great cities destined to contain the greatest number of people in any section of America.

Oakland has watched with pride the expansion of San Francisco and still watches with

pride that expansion. Oakland wants San Francisco to become one of the most magnificent municipalities of all the West, at the same time having an eye single on her own aggrandizement. Oakland wants to assist, and will assist to the utmost extent of her ability, San Francisco to make the great Panama-Pacific Exposition the most stupendous world's fair that earth will have ever seen, and with Oakland is united every city and town in Alameda County.

Oakland realizes that the thousands and tens of thousands who will visit that fair will also visit Oakland. That standing on the heights across the bay they will see the city hall, the landmark of the bay region and one of the most magnificent buildings in the world, and will be attracted. They will look upon the magnificent hills that guard her to the east, clothed in their robes of emerald, and will marvel; that they will see her great shore lines where the white sails and the painted stacks of ships make up a saturnalia of shipping; that they will see the smoke of her factories and will hear the hum of her industries and desire to investigate. Oakland knows that the color and the scent of her flowers will bring the throngs here, and Oakland is glad because all this exposition has been made possible through the vigor, the vim, the energy, the ambition of San Francisco and her ambitious people, aided by Oakland and the State of California generally.

Oakland people are glad San Francisco has taken the course alluded to. This city wanted to work out its future alone. It has a great one.

Its building records are stupendous; last year Oakland was third in the United States. Its business is increasing along all lines and will continue to increase. It will soon have one of the greatest harbor systems on the coast covering a waterfront miles and miles in length, affording anchorage for vessels carrying the commerce of the world.

Oakland's founders laid their plans well, as also did those of San Francisco. The results of today have been achieved because of the far-sightedness of those who saw the possibilities. There is ample room on San Francisco bay for two great cities, and perhaps a rivalry for business and trade will be a good thing for both, as such rivalry will stimulate activity and infuse life into competition, an ever desirable condition of affairs.

From this time henceforth let there be no differences between the east and west shores of the bay. Let the cities on the east grow in grandeur, making homes for thousands while San Francisco does the same. Let the Queen City across the bay expand down the peninsula to an extent unlimited, her homes, her industries unhampered by nothing, while we on this side work out our salvation and our future, realizing that all are engaged in one effort—that of the upbuilding of California, dear, beloved California, the empire of the West, the land of promise, where Empire's star is ever hovering.

Peace forever in the bay cities! While touching elbows in the march of Progress we are ever and ever striving for the common good!

RECORDS OF JUDGES INSURE THEIR ELECTION.

Because of the excellent records made during their many years of service as police judges of the city of Oakland, Mortimer F. Smith and George Samuels are certain of election at the primaries on Tuesday next, as they should be. The police courts of Oakland are the best conducted in any city in California, and in the lengthy terms of the two judges mentioned there has never been a breath of scandal in connection with their conduct or any adverse criticism.

This is remarkable when it is considered that office of police judge is a difficult one to fill. It is too often the case in other places that fault is found because of shortcomings on the part of the courts or their officers, but these gentlemen who are seeking re-election have official records flawless in character.

Both are able, learned in the law and especially fitted for the places they hold and will hold. Both are pleasant gentlemen and have hundreds of friends in all sections of Oakland who honor them and admire them for their sterling traits of character and value their personal friendship highly. It is because of these qualities and the fact that no better men could be found to fill the positions of judge of the police courts that both will be re-elected next Tuesday and that by a majority overwhelming in character, for the candidates opposing them were nominated for a place on the ballot with no hope of winning.

It is gratifying to note in the interrogation point that the one hundred Socialist members of the Reichstag, "including Leader Kneibelecht," slaughtered by it a few days ago are still alive and that the question mark admits that it falsified the alleged news it was first to print and which its sponsor across the bay insisted was correct.

The battle at sea is often the blasts in the cement quarries along the shore.

SANTA CRUZ WILL ELECT BEN K. KNIGHT.

Advices from Santa Cruz county indicate the election at the primary of Benjamin K. Knight, present district attorney, for Superior Judge. This condition is a pleasing one, because many Californians have litigation in Santa Cruz. Mr. Knight has been district attorney for many years. He is a lawyer in every sense the term implies, is a man of ability, integrity and acumen and above all of a judicial trend of mind.

With Benjamin K. Knight as Superior Judge of Santa Cruz there will be no question as to the rights of "non-resident defendants" and no counting of voters in the rendering of judgment. "Dinners" will not figure in lawsuits; no "hot air" in the trial of cases. All issues will be decided according to law and the evidence.

With Benjamin K. Knight as Superior Judge of Santa Cruz rise to his feet in the Appellate Court and make a statement similar to the following:

"If your honor please, there are many reasons why this case should be reversed, other than it was tried in Santa Cruz county."

When Benjamin K. Knight shall have rendered judgment if there is reason for reversal, such reversal will be found on law and not the frivolous reasoning of a mind marveling whether it shall decide this way or that because of the popularity of the judgment.

In this connection it is said that George Smith of Watsonville will succeed Mr. Knight as district attorney. If both these happy results are brought about well may the citizens of Santa Cruz county exclaim, Glory Be! for George Smith is an attorney of intelligence, learning and balance and with Benjamin K. Knight on the bench the citizens of that section may rest assured their legal interests will be guarded as they should be guarded.

John Boyle, Washington newspaperman, mind you, has written Congressman Underwood, Chairman of the Committee on Ways and Means, charged with the duty of raising the revenue for the nation, advising that the fellows who occupy the "water wagon" be taxed for their sobriety. Boyle says the drinkers pay an average of \$8 a year toward the revenues necessary to keep the machine going, while the fellows who do not drink only contribute \$3, and that a tax on Prohibitionists of \$5 would equalize things and bring a revenue of \$150,000,000 a year, thus eliminating all chances for a deficit and avoiding the prospects for a stamp tax. We hesitate to comment on Boyle's awful suggestion and lament exceedingly that a newspaperman should have submitted such a proposition.

FORGOTTEN

ECONOMY IN OFFICE OF COUNTY RECORDER.

Gilman W. Bacon, county recorder, is a candidate for re-election and is running on his record.

For four years Mr. Bacon has occupied this office and during that period has made many changes that have resulted in saving money for the taxpayers. He has substituted typewriting in place of long hand on the records, thereby effecting an economy of \$10,000 annually. The loose leaf system and other changes made have totaled the net savings to \$40,000. With this record established, Mr. Bacon feels confident that he is entitled to another term and being practically the only man in the race will be elected at the primaries, as he should be.

Up to date the only place along the coast not reporting a naval battle is Watsonville, which leads to the belief that City Editor Lorenson of the Pajaronian, correspondent of the Associated Press, the United Press and all the San Francisco papers, is still sticking to baseball and politics and doesn't care a continental for "the thunder of guns off this port."

Civilized warfare! Bah, there is no such thing.

United States officials seeking for the cause of the advance in the cost of food supplies will doubtless find it in the fact that the middleman "needs the money."

Twenty Years Ago Today

The San Leandro Democratic Club met at the city hall. Owing to the absence of the president, Dr. Tormey presided and James Cahill acted as secretary. James Morris made a motion that a committee of five be appointed to act in conjunction with the members of the County Central Committee from San Leandro in endeavoring to have the convention held in San Leandro. The following were named as the committee: Messrs. Gallett, Doris, Tormey, Godchaux and McCarthy.

TRAP JAPANESE FUGITIVE IN BRUSH

Kodoni Surrounded by Posse in Chaparral; Capture Hourly Expected.

CARMEL, Aug. 19.—George Kodoni, the fugitive Japanese now sought in connection with the mysterious disappearance of Miss Helene Wood-Smith, landscape artist, is hiding in the chaparral covering Point Lobos.

It was established beyond the slightest doubt early today, when the elusive Japanese was seen at Point Lobos by Japanese fishermen with whom he had worked prior to his discharge from the employ of the Allen Packing Company.

The Japanese fishermen ran in terror at sight of Kodoni. They believe him armed.

Monterey authorities were notified at once. A posse rushed by automobile to Point Lobos and for hours combed the chaparral in vain.

A cordon has been thrown around the point and Kodoni's capture is expected before nightfall.

While detectives in Oakland are delving into the records of the Kendall murder case of Cassano, in which Henry Yamashita, Japanese servant, confessed that he killed a whole family, and then disappeared, the Monterey authorities, in the case of Kodoni, are delving into the records of events surrounding the disappearance of Helen Smith, missing Carmel artist, and the United States cavalry from the Monterey Presidio is aiding in the search.

Kodoni, Japanese artist, coach, and leader of a queer Oriental cult, who was last seen with the missing girl, is about to be captured by posess in the Point Lobos hills. It was the discovery of his queer cult and of letters from different Oakland and San Francisco society women that first linked the case with the Kendall case, and other evidence has led the authorities to believe that the recent attempt to poison Alice MacGowan, the Carmel novelist, are not unconnected with the maze of queer Carmel happenings in which they are delving.

In the meantime the women of Carmel have made grave charges against the Monterey county authorities, declaring that the poisoning attempts were practically ignored, and that "roots within roots" have prevented the officials from properly examining different crimes for poison signed by the women of Carmel makes the claim that the county officials have been derelict in their duties, and as a result efforts to find the missing woman or her body have been rebuffed.

The women directly charge that the county officials were remiss in both the MacGowan case and the present mystery. "In the case of my poisoning and the narrow escape of my Japanese servant, Abi," said Miss MacGowan, "there was a succession of suspicious, criminal occurrences which should have been rigidly investigated, but instead were ignored."

COMPLETE TICKETS.
BOSTON, Aug. 19.—Except for the failure of the Progressive party to nominate candidates in the Third and Fourth Worcester congressional districts, Republicans, Democrats and Progressives had nominated for complete state tickets when the time for filing nomination papers closed last night.

Governor David I. Walsh, Democrat; former Congressman Samuel W. McCall of Winchester, Republican and Joseph Walker of Brooklyn, Progressive, head their respective tickets without opposition.

DIES OF AUTO INJURY.
SEATTLE, Wash. Aug. 19.—Captain Andrew Weidung, 55 years old, commander of the revenue cutter Bush, died in the city hospital last night of a fractured skull received Saturday night when he was struck by an automobile driven by Mrs. C. H. Wharton, wife of a dentist.

Captain Weidung had dodged an express wagon and was standing in the middle of the street when the automobile struck him.

DEATH TENANTS, DEATH TENANTS, SAYS ATTORNEY

Suicide Attempt Followed by a Sermon on Its Futility.

LOS ANGELES, Aug. 19.—Rising from what two weeks ago appeared to be his death bed, Grosvenor O'Neill, a local attorney, who slashed his throat in an attempt to die, has, for the first time since that act, spoken. From his cot in the Angelus Hospital he preached a sermon against self-destruction.

No stranger congregation assembled for the Sabbath; no stranger preacher chose his text and reinforced his arguments with stronger reasoning. The legal talent which made O'Neill prominent at the bar distinguished him from his listeners, ranged in quiet rows on adjoining cots, in the next bed to the speaker was a man who had just lost a limb; next to him was a sightless sufferer, and ten other injured men were ranged in rows about him, eager to hear the words of the man whose own act carried him near the grave and whom

Dr. A. F. Roome, who closed the speaking wound in the man's throat and who has daily watched and worked for O'Neill's recovery, stood by his bedside, his hand on the lawyer's pulse.

"Let me talk, Doctor," he whispered, and then, as his voice grew stronger, "I have a message for these boys, a Sabbath day word of cheer and counsel." The doctor gave his consent.

MANY PLAN SUICIDE.
"There are here at least a couple of people in Los Angeles who are contemplating suicide this morning," said O'Neill. "There are women who are sick, men who are discouraged, and old people who long for death. And there are many in the prime of life who are puzzled to distraction by combinations of circumstances, and who think that the grave is the door out. I was once such a man; now I am determined to live."

"There is a verse in Hebrews: 'And if, indeed, they had been mindful of that country from which they went out, they would have had opportunity to return.' That idea struck me the minute I drew the razor across my throat. I was not frightened about dying. I just had a flash of my lost faith in life. All that I had lost came back and I saved my life again more eagerly than I had striven to die."

The greatest danger a person faces is loss of patience with life. A man becomes angry; he does not know which way to turn. The Scripture gives a word of advice on that point too. Take this verse from I Peter: 'Beloved, think it not strange concerning the fiery trial which is coming upon you, which cometh upon you to prove you, as though a strange thing happened unto you.' That simply means that adversity is a test and that the real man conquers it."

"To many of us, death offers a greater temptation than life. Disease, poverty, loss of loved ones make the grave seem a cozy bed to sleep in. I have been a cowardly man, but I have remembered these words from the Epistle of James: 'Blessed is the man that endureth temptation; for when he hath been approved, he shall receive the crown of life. Let no man say when he is tempted, I am tempted of God; for God himself is tempted with evil, but each man is tempted when he is drawn away by his own sin.'"

"I urge you to cast away all these false notions that God is through with you, that life is useless, that you are at the end of your course, and that your death will give no one and leave the world better off."

SINISTER TEMPTATION.
"Through all my pain and the sorrow I have felt for my own act, I have come to one great conclusion and that is that I was wrong in rushing to a purpose and that I have been kept alive to fulfill it. I am trying to live to be useful. No man is ever utterly useless to the rest of humanity and there will never be a day when we as a race cannot do some good to someone more unfortunate than we are today."

The surgeon, not the least interested of O'Neill's hearers, signed his name to say no more for fear of harming himself. The room was silent for a full minute.

Then the man close by, who will never see again, propped himself up on one elbow and in a broken voice exclaimed: "God bless you, my brother. I have now a hand to lend to some man who is slipping."

**LOSES BOTH HUSBANDS
IN TEN MINUTES' TIME**

LOS ANGELES, Aug. 19.—Two husbands were lost yesterday by Mrs. Edythe E. Stark-Perry-La Barr in just ten minutes in Judge Monroe's court.

One husband won a decree of divorce and the other an annulment of his marriage to the woman who some weeks ago faced charges of bigamy. Mrs. La Barr was placed on probation for two years.

The first husband, who sued for divorce, was John C. Perry, who married her in Kansas City in 1908. In 1911, the divorcee and Mrs. Perry married Gordon La Barr without the formality of securing a divorce.

The first husband learned of his wife's second marriage and sued on statutory grounds for divorce. Mrs. Perry-La Barr's arrest followed. She pleaded guilty, but was given her liberty by Judge Willis.

La Barr, finding his wife already married to another, sought an annulment. Records of the Criminal Court were shown, and in just ten minutes Judge Monroe had granted both husbands their freedom.

**SINGERS TO PAY TAX
ON INCOME, RULING**
WASHINGTON, Aug. 19.—Opera singers and other artists who come to the United States and later return to their foreign homes hereafter will have to pay income tax the same as American citizens.

The Treasury Department issued today instructions to internal revenue collectors providing for collection of tax on income on non-resident aliens derived from trades or professions in the United States. It affects many persons living just across the Canadian border who work on the American side of the boundary.

No War Prices on Goodyear Tires

All advances due to doubled cost of rubber are withdrawn today on Goodyear Tires. This applies to dealers and consumers.

We have secured from abroad sufficient rubber at former prices to warrant this announcement.

Effective everywhere today Goodyear prices are the same as they were before the war.

Which Will You Take? Tires Tires At Extra Prices With Extra Features

Nowadays, 16 makes of tires are costing more than Goodyear prices.

Some makes cost one-third more.

One-third more than No-Rim-Cut tires—the world's top-place tires—the tires that outsell any other.

Consider what that means.

It means \$5 to \$15 extra on each tire you buy. It means one-third more tire upkeep—unless they are better tires.

It means that three of the extra-price tires cost as much as four No-Rim-Cuts.

It means that the same price—or less—would buy a half-inch wider Goodyear.

Extra prices are unjust.

No man knows of any way to build better tires than Goodyears. We spend \$100,000 yearly in our efforts to find a way.

In the four ways listed at the right no other tire equals the Goodyear.

Men have bought four million Goodyears. They have tried them out. As a result, they buy more of them than of any other tire.

That any tire can be worth one-third more is simply unthinkable.

THE GOODYEAR TIRE & RUBBER COMPANY, Akron, Ohio

This Company has no connection whatever with any other rubber concern which uses the Goodyear name.

Any Dealer can supply you Goodyear Tires. If the wanted size is not in stock he will telephone our Local Branch

In No-Rim-Cut tires—at Goodyear prices—we give you these four extra features. Not another tire at any price offers you any one of them:

The No-Rim-Cut feature—the one faultless way to end rim-cutting. It completely wipes out the greatest source of tire ruin.

Our "On-Air" cure—an extra cure, under road conditions, to save the blow-outs due to wrinkled fabric. This one exclusive process costs us \$1500 per day.

Our rubber rivets—formed in each tire by a patent method to combat tread separation. They reduce this danger by 60 per cent.

Our All-Weather tread—the tough double-thick anti-skid. The only anti-skids which run as smoothly as plain treads. The anti-skids with deep, sharp, bulldog grips.

Those are costly features. On their account No-Rim-Cut tires used to be the high-priced tires.

But we gave you the savings due to multiplied output. No-Rim-Cut tires now cost half the old-time prices. And with all their exclusive features, they cost you less than 16 other makes. Please find them out.

AGAIN TO HEAR DEATH SENTENCE

Prisoner Returns From San Quentin to Hear Doom Reaffirmed.

SAN FRANCISCO, Aug. 19.—Unless something unforeseen intervenes, Louis A. Larsen will hear tomorrow for the second time the sentence of death pronounced upon him for the murder of his wife in the Verdugo hills, June 22, 1913.

The sentence was to have been pronounced tomorrow, but the sheriff was unable to bring Larsen to Los Angeles from San Quentin in time, and the postponement was ordered.

Judge Craig, who presided at the trial and pronounced the first sentence, will act in the same capacity again.

The passing of a second sentence was occasioned by the inability of the superior court to hear his appeal for a new trial before the original time set for his execution had passed. The court denied his appeal.

Larsen was convicted of having beaten his wife to death with a beer bottle. His name was first obtained when a reporter discovered the torn bits of a receipt near the scene of the murder. The bits placed together gave Larsen's name.

Larsen steadfastly maintained his innocence. On one occasion he was reported to have confessed, but he repudiated the statement upon which his confession had been inferred and renewed his assertion of innocence.

At the trial his own daughter, Luella, who was then a child, testified that she saw her mother being beaten before her death. "If anything ever happens to me don't let your father go free," was an important witness against him, and after his first sentence asserted she was pleased to learn of his fate.

Heiress Is 'Broke' in Paris, Is Report

Mrs. Henry Smart Is Stranded; Relatives Cannot Send Her Funds to Aid

SAN FRANCISCO, Aug. 19.—Despite the fact that she has millions at her command and frantic relatives both here and in Honolulu, who, since the outbreak of the European war, have attempted to communicate with her, Mrs. Henry Smart is stranded in Paris.

Gaillard Smart, formerly Miss Theima Parker, Hawaiian heiress and daughter of Mrs. Fred Knight of this city, is practically bottled up in Paris with her husband and two-month-old infant, and dependent upon the United States consul for aid.

Upon her return from Hawaii some months ago, Mrs. Smart and her husband decided to take up their residence in Europe, and, after a tour of the continent, took apartments in Paris, where they have since lived.

Prior to the commencement of the European war, Mrs. Smart was well supplied with negotiable cash, but found herself cut off from her usual resources when war was declared and the banks ceased to honor travelers' checks. Cable messages explaining the situation were received by her agents here and in Honolulu, but attempts to disburse the needed funds proved unsuccessful.

Yesterday, however, a cable message was received by Mrs. Smart, stating that her daughter was safe and that some satisfactory arrangement had been completed whereby the necessities and ordinary comforts of life could be obtained until United States government aid was forthcoming.

INDIANS FOR SUFFRAGE BY VOTE OF COUNCIL

ASHLAND, Aug. 19.—Chippewa Indians of the Bad River tribe at the largest council held in years, voted unanimously in favor of women suffrage.

SHE WEDS JACK, BUT DOESN'T TELL PARENTS

SAN FRANCISCO, Aug. 19.—When the steamer Lurline sailed yesterday for Honolulu it performed for Jack Kuhn, son of a wealthy Oahu merchant, the function of placing between him and his parents many hundreds of miles, and incidentally obliterated the necessity of explanations for a long time to come.

Young Kuhn yesterday married Miss Beattie Allen West, a pretty Oahu girl, Rev. J. H. Breen performing the ceremony at 11 o'clock. Three hours later Kuhn was following the advice of Horace Greeley and going West. An inkling of the elopement came when Kuhn and Miss West procured a marriage license. The elder Kuhn, in Oahu, was asked about it and evaded consideration. He said he knew Miss West and that a month ago she stopped in Oahu for a day while en route for San Francisco. Kuhn left for San Francisco shortly afterward. The wedding followed.

AMERICAN WOMEN RAISE RELIEF FUND

LONDON, Aug. 18.—At the first meeting of the American Women's War Relief Society held yesterday at the residence of Mrs. William Leeds \$80,000 was subscribed. The subscriptions ranged from \$25,000 to a few shillings.

Among those present at the meeting were the Duchess of Marlborough, who presided; Lady Churchill, Lady Paget, Mrs. John Astor, Mrs. Lewis Harcourt, the Duchess of Roxburgh, the Countess of Granville and the Countess of Devon.

It was decided that the society should equip a hospital and a hospital ship, which are to be managed by the British Red Cross.

Lady Paget, who has a son at the front, was overcome with emotion while moving a vote of thanks to the secretary, Chauncey M. Depew, of New York and Dr. Bloodgood of Baltimore, who are advising the society, made addresses.

MRS. BRUGUIERE'S OLD HOME UNDER HAMMER. NEWPORT, R. I., Aug. 19.—Yesterday saw the beginning of the end of one of the well known summer homes here when an auctioneer, at Castlewood, the Bruguiere place, proceeded to auction off the valuable furnishings of the house.

Other creditors, who were not attached to this property, petitioned the court to declare Mrs. Bruguiere bankrupt, and an injunction has been issued enjoining the sheriff from paying out any of the proceeds of the present sale. Good prices were obtained.

Ellsworth returned several days ago from a trip to Alaska. They were absent three weeks, sailing from Seattle on the steamship Albatross, that made the famous "Albatross trip" stopping at Juneau, Sitka and Skagway. On the return journey they spent several days in Seattle.

TO VISIT HONOLULU. Miss Virginia Sullivan will sail next week for Honolulu to visit Leutenant and Mrs. E. J. O'Hara at Fort Kean.

O'Hara was formerly Miss Gladys Crovan, cousin of the late Rose Marie Callahan and Ensign D. W. Callahan, whose marriage to Miss Mary Torrey was a recent event. The O'Hara have been stationed at the Hawaiian post for the past year.

IN BERKELEY HOME. Professor and Mrs. J. F. Holway have given up their apartments at the Hillcrest and are again occupying their home in Buena Vista avenue, Berkeley, that has been leased for the past year.

SCOTT'S RETURN. Mr. and Mrs. Harry Scott returned yesterday from Medford, Oregon, where they were guests of the latter's brother and sister-in-law, Mr. and Mrs. Frank Preston. They will probably spend the winter in San Francisco and take a house in Burlingame in the spring.

Mrs. Scott was formerly Mrs. Norma Preston Ames. This week the Scotts have been guests at Shasta Springs, where Mr. and Mrs. John Bremer, Mr. and Mrs. Richard Pease and Mr. and Mrs. Arthur Watson are among the visitors.

IN LONDON. Mr. and Mrs. August Schilling, Miss Eliza Schilling and Miss Beatrice Simpson, who were in London for the summer, returned to America at an early date. They had intended to remain abroad until the first of November, but since travel in the continent is out of the question they will return to the United States. The Schilling party has spent the past month in Norway after a tour in the Swiss Alps and a visit to Berlin.

Affectionate People Are Beautiful

(By Lillian Russell)

Copyright, 1914, by LILLIAN RUSSELL.

RHE countenance and even hearing and form of a person in a measurably changes from a thievish, heavy, and perhaps gross expression and a downcast and stooped demeanor to one of refinement, beauty and grace, just in the degree that the state of his or her affections and thoughts changes from a low and gross state to one of spiritual beauty and goodness.

The habitual state of the soul

in the face. It is a living, pulsing, breathing thing, and its expression is plain and irregular features is homely when he or she is pure, wise and good. There is a spiritual beauty that gleams from behind the features and which transfigures them with a divine expression.

This inner spiritual beauty moulds the expression of the features into correspondence with it. It will not alter the hereditary form, it will not change a gray eye to blue, nor an irregular nose to a straight one; yet it will change their expression so as to put them, as it were, in the background, and make the inner beauty prominent and captivating. Honesty, purity, and love have their lawful psychological and facial expression. Any departure from moral rectitude, or any indulgence in vicious habits, or violent temper must have an unfavorable effect upon beauty, and the cultivation of moral good-

ness and serenity of temper and an obedience to the laws which govern our spiritual being will promote in the same degree our physical beauty and well being.

It is this culture which imparts to the superior portions of the face those rounded outlines and that rich and softened expression which renders the countenance of a refined and amiable woman so lovely. Goodness of heart and purity of life co-operate with an expanded chest, wholesome air, copious breathing and outdoor exercise in

covered roseate tinge. Quiet hap-

ness, ease and freedom from care

are essential auxiliaries.

Violent passions, mental or physical suffering, care and anxiety, depress and bleach the cheek and give a peculiar haggard expression to the countenance. Whatever, then, is favorable to goodness, happiness and ease, is, in the same degree, favorable to health and beauty.

Remember: Beauty called into being by the genial warmth of goodness and invigorated by the soft radiance of joy expands into the perfect flower in the bland atmosphere of love.

Answers to Queries.

S. H.—There is no way of making the knuckles smaller. You can, however, make them more plump and they will not show so much. To do this, massage them with olive oil, or soak the hands in the oil for about fifteen minutes. A good skin food may also be used.

G. D.—There are so many symptoms of eye strain. One is a sick headache, another watering of the eyes or twitching of the lids. Again the eyes may be sensitive to the heat or to the glare of the sun, or may become inflamed and painful when reading for a few minutes. I would advise you to consult a good oculist immediately and have them examined before it is too late. The eyes are too precious to neglect, and a little trouble now will save the trouble immediately. Save your eyes as much as you possibly can. Never read in a dim light or on a moving car. Every morning wash your eyes with a good eye wash. I shall gladly send you a formula for an eye wash if you will send a stamped, addressed envelope.

T. G.—If your feet become tired from long standing, first bathe them with cold water and salt, and then apply the following foot bath: To a gallon of warm water, add a can of zinc, five drops of oil of eucalyptus, one ounce of ointment of rosewater. Massage the feet well with this and powder freely with talcum powder in the morning.

L. N. L.—This is the green soap treatment for removing blackheads. This treatment cannot be

used on thin skins, but if through neglect or thoughtlessness your face has ugly blackheads it rarely if ever fails to help the defects. You may purchase the green soap at any drug store. Bathe the face in warm water. When the skin looks pink and soft, apply the green soap and rub it well into the pores for three minutes. Rinse the soap from the face with warm water, using a camel's hair complexion brush so as to remove all of the soap and as many of the blackheads as will come; then use cold water until the face is thoroughly cool. Dry the face with a soft towel, then cover with a good cold cream. Allow it to remain on for half an hour, then wipe off any that remains. Continue this treatment every night and like blackheads have disappeared. If you will send me a stamped, addressed envelope I shall send you the formula for the cold cream. I shall also send you instructions for removing superfluous hair.

E. K. M.—Buttermilk is a mild bleach for freckles and is effective if the freckles are light. Deep freckles cannot be removed by buttermilk. I shall send you a formula for a stronger bleach if you will send me a stamped, addressed envelope. If you have a sallow complexion look well to your diet. Eat simple, nourishing foods, no rich, greasy foods, pastries, or sweets. Take plenty of exercise in the open air and get plenty of fresh air during sleeping hours. Practice deep breathing. Drink several glasses of water between meals.

DANCES ON STAIRS NOW FLOOR DANCES ARE OLD

MISS CARLOTTA MOSSETTI, DANCER, WHO HAS ELECTRIFIED LONDON BY DANCING ON A FLIGHT OF STAIRS.

LONDON, Aug. 19.—She took some of the big production "Keep Smiling" and a little of Herman Finck and the result was the "Staircase Hesitation" that London's now talking about. That's how Miss Carlotta Mossetti, dancer, has leaped into fame. Of course, it isn't every dancer that will try to do a hesitation dance on a flight of stairs, even for fame, but Miss Mossetti has done it, and she hasn't sustained a broken ankle yet, so she thinks there's still hope for her.

Miss Mossetti originated her remarkable

dance in the big production "Keep Smiling" now appearing at the Alhambra. She first dances to an "Omar Khayyam Ballett," and then the music switches to about. Carranza Repudiates Huerta Debt

FIAT MONEY IS DECLARED ILLEGAL

Chief Forms New Cabinet and Musters Out Federal Troops

MEXICO CITY, Aug. 19.—A decree is to be issued tomorrow by the governor of the federal district repudiating government notes of the issue of July 15 last. The issue was made during the regime of Provisional President Carranza on the authorization of \$50,000,000 5 per cent 10-year gold bonds made by the Huerta administration. About \$10,000,000 of this paper is now in circulation.

The repudiation is based on the decree issued by Venustiano Carranza on April 18, refusing to recognize the acts of the Huerta government.

The new Constitutional cabinet was announced last night as follows:

Minister of Foreign Affairs, Ysidro Fabela; Minister of Interior, Eliseo Arredondo; Minister of Public Instruction, Dr. Miguel Silva; Minister of Communication, Ignacio Bonillas; Minister of Finance, Felicitos Villarreal; Minister of War, Eduardo Hay. The appointment of Minister of Justice has been deferred awaiting the reorganization of the courts.

4000 MUSTERED OUT.

The mustering out of the federal troops is proceeding rapidly. Four thousand were released today, each receiving \$20 and their fare.

While absolute order prevails everywhere, the means of military government have been in no way slackened. Two thousand men in the uniform of the Constitutionalists were mustered at a police station today and their bodies exposed to the view of the curious crowds. As in former cases, warning placards were pinned on the breasts of the dead men.

The courts were closed today, while railroads and telegraph lines continue to be operated for military purposes only, although it is announced that passenger traffic between Mexico City and Vera Cruz will be resumed this morning.

CONTROL WEST COAST.

WASHINGTON, Aug. 19.—Rear Admiral Howard reported today that the American Consul at Hermosillo, reported under arrest, is safe and had never been molested. Manzanillo is completely evacuated of federal and Salinas Cruz is the only port on the west coast under federal control. The constitutionalists are preserving good order everywhere.

Imports Decreased \$3,000,000 in Month

NEW YORK, Aug. 19.—Custom-house reports made public today show that imports made during the month of July were \$3,000,000 less than the figure for the month of August 8, the last to be compiled.

ROOSEVELT DENOUNCES REPEAL OF FREE TOLLS

PORTLAND, Me., Aug. 19.—An attack on the Wilson administration for the repeal of the bill giving American coastwise ships free use of the Panama Canal was denounced by Roosevelt's stump speaker yesterday through Maine.

The ex-president rapped the administration for repealing the repeal of the bill giving American coastwise ships free use of the Panama Canal, and for passing the treaty allowing Colombia's ships to pass through the canal free, even in time of war.

Roosevelt fired his blast at the administration before a huge crowd of Progressives at Lewiston and again tonight in a speech at the city hall.

MISSING WOMAN FOUND

CARED FOR BY FRIEND WHEN TAKEN ILL

MYSTERY IS CLEARED UP

MRS. M. F. GLASGOW, WHOSE DISAPPEARANCE SET DETECTIVES ON BOTH SIDES OF BAY AT WORK. MRS. GLASGOW RETURNED HOME LAST NIGHT.

A mystery of the disappearance of Mrs. Harry R. Glasgow, 610 Twelfth street, for whom the police of the bay were asked to search, was partially cleared up last night, when her husband, who was frantic with anxiety over her disappearance, found her at the home of friends.

It was explained today that Mrs. Glasgow, who has been suffering from nervous breakdown for some time, has become suddenly ill and had been found by a friend and cared for. Due to the fact that Glasgow was away from home, searching for his young wife almost during the entire day yesterday, the friends

KNOWLAND HOLDING SOUTH

Los Angeles Now Credited to His Column

LOS ANGELES, Aug. 19.—Although 500 miles away, finishing up one of the swiftest and surest campaigns ever made in this state, the voice of Congressman Joseph R. Knowland, candidate for the Republican nomination for United States Senator, will be heard throughout Southern California this week through the medium of a dictaphone record which Mrs. Jefferson Gibbs, vice-president of the Southern California Women's Republican Federation, is introducing to women's clubs of the southland.

The record, which was made in San Francisco, arrived here yesterday afternoon. Mrs. Gibbs will leave for Santa Barbara this afternoon, where the "canned speech" will be released for the first time tomorrow at a meeting in the home of Mrs. Frank Maguire. Club women all over Southern California will have an opportunity to hear this speech, and at the big mobilization of women's clubs in the gardens of Mr. and Mrs. John D. Hooker in West Adams street, Los Angeles, on Saturday afternoon, the phonograph record will serve as a representative of Congressman Knowland.

Mrs. Gibbs is the originator of the phonograph speech idea for use in a California campaign. Into the smaller cities where it is impossible to get a reproductive machine, Mrs. Gibbs has made arrangements to carry such a device in her auto.

Congressman Knowland will carry all of Southern California, Los Angeles, city and county, has swung into his column. In Santa Barbara county, his standing is excellent, and the Republican vote in that section will be given to Knowland without a doubt. Ventura county, one of the

strongholds of the anti-Knowland industry which Knowland in Congress fought to protect, will give him a solid majority. These two predictions are based on statements of prominent Republicans.

Orange county has signified its intention of voting for Knowland, as evidenced by the unanimous endorsement of the Orange county Liberal Republican Club, which em

Pseudo Students Enroll in Courses to Evade Law, Is Alleged.

Chinese students who have dropped from the rolls of the University of California within the past two terms, after only a short stay at the institution, will probably be subjected to an investigation following inquiries started here by the Federal immigration authorities which may lead to an investigation of the university rolls. It has been discovered that a large number of Orientals, coming here as students, have attended school but a few days and then disappeared, thus, it is alleged, entering the country under a pretext. Some time ago a similar investigation of private institutions in Oakland and Berkeley was made and several men were questioned. Later the Federal authorities have redoubled their efforts and have come upon more clues pointing to a wholesale evasion of the immigration laws.

In Seattle, according to facts disclosed in the inquiry, 115 Chinese have been brought to American soil as students, disappearing almost immediately after entering institutions. Others, it has developed, came from Vancouver in the tender of an engine.

That it is worth from \$200 to \$750 to smuggle Chinese into this country is the statement of local launch men, who declare that well-to-do Chinese have in the past been made, and the same game is declared by the Federal authorities to be offered in the north. In case of "students" their tuition is paid, or, if a public institution is attended, fees are paid in advance. They attend school for a short time, and then suddenly leave.

INQUIRY BARES SYSTEM.

The discovery of the school system of avoiding the law came in Seattle, and at this time several of the Chinese were traced to Oakland's Chinatown, but were never captured.

The matter was probed last night according to the local officials, by the Federal Industrial Relations Commission in Seattle, when full details of the activities of "students" were given out.

Ninety-six Chinese were brought to Seattle from their native land, it was said, by Claude E. Stevens, a Seattle attorney. He placed them in Adelphi College, a northern school, where extensive preparations were made for receiving them. It is declared that within a few months all of them had disappeared.

Stevens testified that he received about \$3000 in fees for placing the Chinese in the schools, but declared he knew nothing of what became of them after they left.

Mrs. Sarah E. King of Ellensburg, Wash., the white wife of Moy J. King, who describes himself as an "organizer" for the Young Men's Chinese Association, but admits that she never was appointed to such a position, told of bringing "students" into this country. They were placed in the Cushing Academy, at Ashburham, Mass. They disappeared within a few weeks.

Mrs. King testified that she was greatly surprised by their actions. She still is looking for them, she declared, and as soon as she finds them she will try to induce them to return to school.

George Nelson, a former fireman on the Great Northern, admitted that he had smuggled fourteen Chinese into the United States. He now is held in jail here on a charge of smuggling.

Nelson said his usual fee for bringing aliens over the line was \$1500. The commission found Frank H. Tape, the suspended Chinese interpreter of the Seattle station, a tarrar to deal with. He refused to answer almost every question asked him on the ground that he had incriminated himself. Among the things the commissioners were desirous of knowing were how he banked about \$2000 last year in a car, and how he dressed his white coat lavishly in a salary of \$110 a month.

Tape is an American-born Chinese and is said to be held in high esteem by the Chinese in this country. It was his custom, according to testimony, to ride immigration officials in his automobile on streets where he would pass his countrymen and thus impress them with his standing.

Witnesses testified that it was Tape's custom to take advantage of immigrants seeking admittance by confusing them and that frequently he was given fees or "tips" upon their being admitted to this country.

According to other witnesses, Chinese who had been illegally admitted through their employers, who would then at low wages under threats of exposure.

After the hearing a copy of the testimony was turned over to Federal authorities with a view to prosecutions. A report bearing some facts similar to those brought out in the present hearing was secretly dispatched to Washington several months ago, but the suspension of Tape is the only result shown thus far.

ARREST

Osculation Forced Upon Her, Says Mrs. Cordray; No Unwillingness, Says Cockrell.

BERKELEY, Aug. 19.—Three hasty kisses pressed upon the unwilling lips of Mrs. Ida Cordray of 1633 1/2 Felton street, resulted in the arrest this morning on a charge of battery of F. E. Cockrell, a solicitor for the South Berkeley Bank.

Cockrell denied, after his arrest, that there was any unwillingness on the part of Mrs. Cordray and that he would fight the charge. According to the story told by Mrs. Cordray, she had decided to open an account in the bank for which Cockrell solicited.

He called to see her bank book, according to her statement, and when she started to show it to him he threw his arms about her and placed three torrid, hasty kisses upon her mouth. Mrs. Cordray declared that she struggled violently between the first and the second and the second and the third, but only after the last one did she succeed in breaking away.

"How dare you kiss me?" she declares she explained. "My husband has just gone out and would make it hot for you if he were here." After this Cockrell departed, she declares, returning the following day. She saw him approach the house and looked the door. On another later occasion, she declares, he met her in front of a store in South Berkeley and asked to be permitted to call upon her. Her answer was, in her own words: "If you do you will get a bucket of hot water on your head."

Following the first affair in her own residence, Mrs. Cordray declares she told about the matter to her sister, Mrs. Eureka Fathauer of 1531 Todd street, and upon the latter's advice refrained from detailing the occurrences to her husband. Later, she declares, her conscience got the better of her and she told him all about it. Her swearing to a complaint against Cockrell with battery followed, and he was arrested this morning by Detective Sergeant A. S. J. Woods in San Leandro.

Cockrell will appear in Judge Edgar's court tomorrow morning to have his case set for trial. He is married and has a family residing in San Leandro. It is stated by the South Berkeley Bank that Cockrell was employed not by the bank but by an advertising agency which was handling his soliciting.

**BUSY HALF MONTH FOR
UNIVERSITY PRESIDENT**

19—Busy weeks are cut out for President Benjamin Ide Wheeler at this, the beginning of the new college semester. With Mrs. Wheeler he is to extend the courtesies of the annual reception to the freshmen. Tomorrow, by an innovation, he is to address both sessions of the freshman course in human anatomy.

Following these lectures, he will leave for Santa Barbara where he is to address, on Friday, the graduating class of the State Normal School of Manual Arts and Home Economics. It is announced finally, that he will be included among the speakers in the extension course on

the European war which opens this week in Oakland at the First Congregational church. His address will be given on the evening of September 1 on "The Main Factors in the Outbreak of the War."

CHANGES ITS COLORS
UNIVERSITY OF CALIFORNIA, BERKELEY—What makes the chameleon change its color is the question to solve which Professor S. J. Hedges, of the Department of Zoology has been conducting a series of experiments now just completed in a paper on "The Movements and Reactions of the Pigment Cells of the Skin of the Chameleon."

Professor Holmes isolated the pigment cells of a frog and examined them extensively under the microscope. He found that the cells wander about and change their relative positions under stress of different lights. Heretofore, he shows in

his paper, there has been considerable discussion as to whether the movements of these cells themselves or actual changes within each cell were responsible for the altered colors as the animal moved into different lights.

CITY COUNCIL ENDORSES

ACTION OF COMMITTEE

ALAMEDA, Aug. 19.—The Council last evening indorsed the action of the committee of the whole with regard to the closing to the public of Harrison avenue and the routing of the water front between Park street and Fruitvale avenue.

bridge at 50 cents per front foot per year. There is a proviso that Blanding avenue must be improved by the property owners, most of whom have frontage on Harrison avenue and will be benefited by the access to the water front. A avenue must be widened, the streets leading to the water front must be open to the public and rights of way on Harrison

**LADIES' AUXILIARY TO
HOLD BIG CARD PARTY**

ALANEDA, Aug. 19. — Arrangements are being made by the Ladies' Auxiliary of the Fernside District Recreation Association for a card party to be held Thursday, August 27, at the residence at 1501 Fernside boulevard. The proceeds are to be devoted to the erection of a clubhouse on the new pleasure pier which is to be installed off the end of Fernside.

The auxiliary had a most enthusiastic meeting and it was decided that the clubhouse is necessary. The members of the auxiliary are to aid the association in obtaining sufficient funds for the building.

MRS. DAVIDSON IS GUEST OF HONOR

Reception Planned by Number of Prominent Women Proves Successful Event.

One of the most important receptions of the year was held yesterday at the home of Mrs. F. Davidson, who came up from Kings county to be present at the reception. It was planned by a number of prominent women, old-time friends of Mrs. Davidson, and of her sister, Mrs. William Creed.

The reception was held in the ballroom of the Oakland, which was very gay with a most attractive arrangement of bunting and flags.

Among the guests were presidents of well-known clubs from Oakland, San Francisco and Berkeley.

A program was planned for the evening. The first item was the presentation of a bouquet to Mrs. Davidson for that feature of the day was Miss Mollie E. Connors, who introduced Mrs. Davidson.

The latter had a most enthusiastic reception, her charming personality and her delightful address winning friends for her among the many strangers present. Mrs. Davidson is an exceedingly cultured woman and she discussed the educational problems of the day in a very forceful and convincing fashion.

In Kings county, where she has been the superintendent for twelve years, wages have been increased one-third. A high standard of excellence has been demanded of the teachers, and over forty new schoolhouses have been built.

Mrs. Davidson spoke strongly for the uplift of the rural schools, and for terms of at least nine months a year. And she also called attention to the large registration of women in California, who have nearly one-half the vote. That ought to justify them in asking for a place on the state ticket. Mrs. Davidson's address was greatly appreciated, as was evidenced by the frequent applause which greeted her remarks.

In the audience were Mrs. F. L. Richmond and Mrs. Davidson's sister, Mrs. F. L. Richmond, of the California Women's Republican Club, of which Mrs. Richmond is president. She is also president of the Pappus Club of San Francisco.

The chairman called upon Mrs. Richmond for a few minutes of her address. It was very desirable that amicable relations should exist between the two cities. Women could do much to promote harmony, and to make the city across the bay see the justice in Oakland's position, and come a part of the way in settling difficulties. The chairman explained how much Oakland was doing for the Panama-Pacific exposition, and how gladly Oakland women were helping the good cause. She said arbitration was a better way than warfare, and the influence of women was always for peace.

Mrs. Richmond responded in a rousing speech of appreciation of the Oakland women's efforts, and of her admiration of Mrs. Davidson's candidacy. "Victory for the woman" was her watchword, for inasmuch as the woman now won, so much farther was the torch of progress carried down the road of civilization.

She made a ringing plea for the women on the state ticket and urged that every effort be made for the success. One of the important addresses of the campaign was made by Mrs. Davidson, who was in closing the meeting, which represented one of the most enthusiastic gatherings of the year.

One of the delightful phases of the day was the informal reception which followed the program. All the guests remained to meet Mrs. Davidson, who looked exceedingly well in a most attractive French gown in lavender and green tones. Groups of well-known women everywhere discussed the problems of the day, and on all sides there were congratulations for Mrs. Davidson for her happy address and sincere wishes that her campaign might have a successful ending. It was a late hour when the reception ended.

Many plans for Mrs. Davidson's entertainment this week have been formulated, and she is to be the guest of honor at a luncheon on Thursday, at a reception Friday, and a large dinner is being planned for Saturday.

Later she will return to Southern California, where she is one of the best known women in that part of the country.

GIRLS STUDY TO PLEASE HUSBYS

And \$150 Monthly Is Enough for Marriage, They Say.

Now who is going to talk about the extravagance of young wives and the high cost of getting married?

Not the bachelors of Oakland certainly, at least not "she" is a graduate of the Oakland High School. For a great course of training is going on down there, and the University of California's "First Aid to Husbands" course, as President Wheeler calls it, will not have a show.

One hundred and fifty dollars a month is enough to get married on. And 50 cents a day for a family of two is a scientific allowance for foodstuffs. After many experiments that is what the girls have decided.

The kitchen was the scene of many stormy discussions before the ideal cooking apparatus was chosen. The shops of Oakland were hunting grounds and tradesmen believed a new era of prosperity was at hand, until the secret seeped out. They were Oakland High School girls getting prices for some ideal future kitchen—but for the present nothing doing.

The girls are learning cooking, home nursing, the pasteurizing of milk, and are to run a model flat for practical lessons in household management. Besides this, sewing is coming in for a great deal of attention, especially at the Commercial High School.

Last year the girls there made their entire graduation outfit at an average cost of \$10 each. Now through the overcrowded conditions of the school much work is impossible, but with the opening of the new school on Forty-second street and Broadway, a millinery room, needle craft-room, household furnishing department, and professional tailoring department will be installed.

VARIOUS BURGLARIES REPORTED TO POLICE

Burglars entered the home of Mrs. Katherine W. Odell, 1212 Fallon street, last night and ransacked the place. Jewelry valued at \$75 and \$25 in coin were stolen.

The home of Ernest Tunn Sudan, 40 Eighth street, was entered by burglars and jewelry and personal effects valued at \$50 stolen.

A gold ring and other jewelry were stolen by burglars who forced an entrance to the home of Mrs. Joseph Francis, 48 Eighth street. The burglars are believed to be the same men who entered the Tunn Sudan house.

Thefts reported to the police today were as follows:

V. Pantofolo, 1775 Sixteenth street, silver watch stolen.

J. V. Fitzsimmons, Pacific Telephone Company, twenty-five pairs of cable cut from company's poles at Twenty-ninth avenue and East Fourteenth street.

Max Loebel, 3221 Piedmont avenue, plants valued \$15 stolen from garden.

Mrs. C. B. Schmidt, 1121 Fourteenth street, purse containing \$10 stolen from her home.

COUNTY JAIL PROFITS FROM FEDERAL BOARDERS

Sheriff Barnett today received from the United States Government a check for \$1,000 for the feeding of Federal prisoners for the last three months. The cost was \$385.66 showing a net profit to the county of \$614.34, which amount was paid to County Treasurer M. J. Kelly.

ALLEGED JUNK THEVES. George Campbell and Joseph Nowlin were arrested this morning by the pawnshop detail. Inspectors Drew, Quiley and McCarthy and will be charged with petty larceny for the alleged theft of a sack of junk from an ark on the Alameda side of the estuary.

F. L. BURT PASSES TO LIFE BEYOND

General Foreman of S.P. Yards Succumbs to Results of Operation.

Frederick Leslie Burt, general foreman of the Southern Pacific yards of this city, died yesterday afternoon in the Southern Pacific hospital of San Francisco after a severe illness of seven weeks. He had been ailing for the past year as the result of an operation.

Thirty-three years of service in the Southern Pacific Company won for him a high place in railroad circles. Burt was one of the ablest employees in the company, which he served with honor.

The deceased was born in Sutterland, Amador county, but lived in Oakland the greater part of his life. He has resided here for thirty-three years and held membership cards in the Oakland commandery, Knights Templar; Live Oak lodge and the Woodmen of the World. He was 60 years of age.

Besides a widow, Mrs. Fannie L. Burt, he is survived by three daughters: Miss Gertrude Burt, Miss Evelyn Burt and Miss Mildred Burt, all of this city.

Under the auspices of the Live Oak lodge, the funeral of Frederick L. Burt will be held tomorrow afternoon from the Masonic temple, Twelfth and Washington streets.

OHIO COAL MINE STRIKE TO SPREAD

Western Pennsylvania and West Virginia to Be Included, Board Decides

INDIANAPOLIS, Aug. 12.—The strike of coal miners in the eastern district of Ohio is to spread in to western Pennsylvania and West Virginia, according to a decision reached today by the executive board of the United Mine Workers of America in session in Indianapolis. According to officials of the union, members of an association of operators in Ohio have refused to sign the new wage scale and the strike in Pennsylvania and West Virginia is said to be designed as an effort to force the Ohio operators to accept the scale.

Included in this association are the M. A. Hanna Company and the Y. and O. Coal Company, the Ohio and Pennsylvania Coal Company, and others. The strike, it is said, will affect several thousand men and will be confined to workers in mines controlled by the Ohioans who have not agreed to wage scale. Arrangements will be made in the next few days toward providing funds for continuing and extending the strike.

WOMAN AUXILIARIES TO HOLD MONTHLY MEETING

The regular monthly meeting of the County Auxiliaries to the Woman's Board of the Exposition will be held Thursday afternoon in the ballroom of the Fairmont Hotel. There are many auxiliary members in this city who will cross the bay to attend. The speaker will be A. P. Taylor, the local representative of the Hawaiian exhibit at the Exposition, who will show stereoscopic views of Hawaiian scenery and tell of the exhibits to be sent from his island home. Mrs. A. P. Black, chairman of the San Francisco Auxiliary, will preside.

The regular free excursion of auxiliary members to the Exposition grounds will take place Saturday afternoon. Members will assemble between 1 and 2 o'clock at Fillmore street entrance and at 2 o'clock a guide will leave the gates to take the party to all the places of interest. Members will be admitted upon presentation of their membership cards.

The meeting Thursday, which is open to the public, will begin at 2 o'clock. The address of the afternoon will be preceded by a brief business meeting.

FINDS LOVE LETTERS; WIFE ASKS DIVORCE

SAN FRANCISCO, Aug. 12.—Because she found love letters in her husband's pockets and other places of the family domicile Mrs. Mabel S. Lee, wife of James B. Lee, manager of the Moana springs of Reno, Nev., filed suit for divorce here this morning. She wants the community property at 508 Scott street, this city.

Mrs. Hulda Hagstrom, wife of Carl A. Hagstrom, refused to talk to him, refused to purchase supplies for the household, refused to cook his meals, refused to do the housework and thereby caused him great suffering, he says in filing a suit for divorce today.

When finally he protested he alleges his better half told him she was not longer and departed.

LODGE TO PLAY WHIST. RICHMOND, Aug. 18.—One-half council, No. 36, Degree of Pocomantas will hold a whist party this evening at Pythian Castle. The evening will conclude with refreshments and dancing. The committee in charge of the event is composed of Mrs. Mary Muller, Mrs. Jennie Tuttle and Mrs. Mary Maloney.

MOTHERS' CLUBS IN LONG SESSION

Federation Meeting Devoted to Reports, Elections and Outline of Activities.

Contrary to the general expectation, speeches by the numerous aspirants to the office of County Superintendent of Schools did not form any part of the program yesterday afternoon at the meeting of the Oakland Federation of Mothers' Clubs. Instead, the session, which opened the season of organizational activities, was devoted to reports of the existing conditions in the various clubs, an election of chairmen of committees for the coming year, and a brief outline of work to be taken up.

Among the campaigns urged by the president, Mrs. C. E. Wilson of Elmhurst, was the co-operation of all the Mothers' clubs in furthering the City Beautiful plan. It was decided that the support of city officials would be of great assistance in this direction.

To force down the inflated price of sugar, the women organized to boycott sugar, a spirited denunciation of wholesalers who had forced the cost up ensued. The result was the appointment of a committee to confer with the Housewives' League of Alameda county, to discover what could be done in the matter. Some of the members expressed skepticism as to the effectiveness of refusal on the part of housewives to buy the staple. Others were ready to follow the example of the Boston tea party and throw sugar overboard.

The committee charged to investigate sugar consisted of Mrs. L. C. Grasser and Mrs. Hopper. An announcement was made that a State History would be filled with each club. After deciding to have printed a leaflet containing the names and addresses of all presidents and delegates to the Mothers' clubs, the gathering was addressed by Mrs. Marshall, Mrs. Marshall, relating a dramatic personal experience, urged women to stand together to secure justice and the enforcement of those laws created for our protection.

"Here, ladies," announced the president, "is where we need a legislative committee."

Chairmen elected for various committees included: Extension and Finance, Mrs. C. E. Wilson; Membership, Mrs. Mary B. Gillelan; Education, Mrs. C. S. Beers; Home Economics, Mrs. S. T. White; Publicity, Mrs. K. Herby; Kindergarten, Mrs. L. Heinz; Patriotic and Recreation, Mrs. J. Guter; Philanthropy, Mrs. George A. McCalvy; Emergency, Mrs. McCullough; Emblem and Message to the Mothers, Mrs. C. S. Beers; Hygiene, Dr. Minora Kibbe; Juvenile Court and Probation, Mrs. A. R. Slater; Child Labor, Mrs. John Newton Porter; Legislation, Mrs. Christopher Russ.

TRADE REPORTS WILL BRING NEW BUSINESS

One of the most elaborate campaigns for trade extension ever waged in Oakland is now under way in the Manufacturers' Committee of the Chamber of Commerce, which is perfecting details for an elaborate system of reports and other data by which Oakland manufacturers will be placed in direct touch with the markets of the world.

The needs of every country, all cities, resources of all localities, and other data of value to manufacturers, is being compiled under the direction of M. M. Jones, secretary of the committee, the plan being to install a complete commercial information bureau for the manufacturer, by which at a glance any man may discover the market possibilities for any manufacture, and the cost of shipping goods.

The plan will probably when completed be operated in conjunction with the traffic bureau being planned by the chamber, some of the work falling directly under this division. The plans have not yet been fully outlined, but will shortly be in shape for practical use, according to the committee heads.

RAID LOTTERY HOUSE. Officers Watson and Garcia made a raid on the alleged Chinese lottery house of 421 Eighth street last night and made the following arrests: Tive Sen, Fong Tan, Henry Martin, Henry Burton, William Leckie, Charles Johnson, William Vogen, and William Jacobis on charges of visiting a lottery house. The men were given a preliminary hearing in Judge Smith's court this morning.

In this day and age, nothing is so beneficial in business as getting together.

BODY FOUND IN BAY, UNIDENTIFIED

Victim, About 35, Was in Water Over Week; Hotel Key Ring May Be Clue.

The body of a well-dressed man of about 35 years of age, found floating in the bay yesterday afternoon near the Key route pier, is at the morgue still unidentified. The body was found by A. P. Johnson, 525 Jones street, and Alfred G. Kohl, 835 Thirty-fifth street, who had started in their yacht Sept. 1 for a cruise of the bay on the chance of inspecting the German cruisers in port.

According to Coroner J. L. Tisdale the body had apparently been in the bay a week or more. A key ring and key, marked "Room 88, Hotel Mohawk," forms the only clue to the identity of the man. The Coroner is attempting to locate the hotel in the hope that the hotel clerks may identify the man.

There were no apparent marks of violence on the body, and it is thought the man may have committed suicide. A gray serge suit, soft tan shirt and tan cravat to match were worn. In the trouser pocket was found \$5.55 in coin. The man was about 35 years of age, 5 feet 7 inches in height, weighed about 150 pounds, and had brown hair. The color of the eyes and the complexion could not be ascertained, due to the body having been in the water for so long.

THREE-CENT FARE RATE IS UPHELD

Interstate Commission Makes Important Ruling for Three States.

WASHINGTON, Aug. 19.—The Interstate Railroad passenger fare of three cents a mile through Arkansas, Missouri and Oklahoma was upheld by the Interstate Commerce Commission today, acting on complaints of the public service commission of those state, which sought to have the two cents interstate rate made the basis of through traffic charges.

The commission held that the defendants did not voluntarily establish and do not voluntarily maintain the intrastate passenger rate fare of two cents a mile and that basing interstate passenger fares in those three states on the three cent rate was not unreasonable.

The commission's ruling is important, as the reduction sought would have had a wide influence on passenger traffic rates generally. Six states, Arkansas, Kansas, Minnesota, Wisconsin, Missouri and Oklahoma established two cent intrastate rate in 1907 and resulting litigation brought a ruling from the Supreme Court that nothing confederate could be found to justify the railroad's complaint. In appealing to the Interstate Commerce Commission, the state commissions sought to show that a reduction of the Interstate rate would stimulate travel.

Daniel O'Connell—"The Liberator"

LD ERIN has given the world many a genius and many a Lover of Liberty, but none greater than the eloquent O'Connell. This noble Irishman unselfishly devoted every moment of his life to regain the Freedom of his Fatherland. His oratory, because of its flaming earnestness, exercised a powerful influence over the House of Commons and hastened many reforms for Ireland. Daniel O'Connell was the first to realize the irresistible strength of a union of millions of Irishmen, and to this end he labored night and day. Huge mass meetings were everywhere organized throughout Ireland and addressed by the masterful O'Connell. When confident of success and with victory in sight he was arrested and condemned to prison. When liberated his splendid constitution was shattered, but he continued until his dying hour to work and pray for Irish Liberty. It is needless to say that Daniel O'Connell was opposed to any Prohibitory legislation which invaded the Natural Rights of Man. He would no more vote for such tyrannous enactments than will our millions of Irish American citizens. They know that there is no evil in the barley brews and light wines of their fathers—EVIL ONLY IS IN THE MAN WHO MISUSES THEM. For 57 years Anheuser-Busch have honestly brewed honest beers, and they are proud of the popularity their great brand Budweiser enjoys with those of Irish blood. Our Irish citizens have helped to make our nation great among the nations of the world. Seven thousand, five hundred people are daily required to keep pace with the natural demand for Budweiser.

HAND-PAINTED
CHINA

Attention Called to the Display
of Peter Kawakowski at
632 Twelfth Street.

China decorating has its devotees in large numbers in Oakland and Alameda county, and for the information of those who are thus interested THE TRIBUNE desires to call attention to the fact that Peter Kawakowski has established for the past 8 years, the largest business of decorated china around the Bay Cities. He has assembled a high-grade assortment of hand-painted articles that are particularly adapted for engagement, wedding, birthday, and other social occasions. His display also comprises a large assortment of white china for those interested in decorating china, always on hand. Firing is done daily. Mr. Kawakowski announces the opening of a class in china and water color which has long been in demand. The most efficient teachers are his assistants.

Quality is predominant in the business of Mr. Kawakowski. Inspection is invited.

Cowie Home, San
Leandro.

SAN LEANDRO, Aug. 18.—The Alta Mira Club has completed plans for a garden party and entertainment which will be held in the beautiful grounds of Mrs. George Cowie on Estudillo avenue on the afternoon and evening of September 19. Arrangements for the fete were made at the home of Mrs. Cowie.

The party will be given at the home of Mrs. Cowie on Estudillo avenue on the afternoon and evening of September 19. Arrangements for the fete were made at the home of Mrs. Cowie.

There will be many attractions for children, including pony rides and games. Cards will form one of the evening diversions for the grownups. The tables will be placed inside the house, while refreshments will be served.

Mrs. Andrew Atken, chairman of the Alta Mira Club, is chairman of the fete committee. Other members of the club who assist in attending to the various details.

Those in charge of the booths are: Mystery booth, Miss M. Olsen, candy, Mrs. F. C. Stokes; coffee and sandwiches, Mrs. F. V. Rider; fancy work, Mrs. H. C. Barton; ice cream, Mrs. Harcourt; grab-bag, Mrs. W. W. Shihaw; tickets, Mrs. A. B. Cary; pony carts, Mrs. F. C. Stokes.

Mrs. C. L. Best will have charge of an attractive entertainment program, to which local talent will contribute.

The proceeds of the party will be added to a fund in hand for the construction of a clubhouse. A lot has already been purchased by the club, and it is intended to raise enough money to complete building by the first of next year.

FOOTHILL BOULEVARD
REPAVED IN ASPHALT

SAN LEANDRO, Aug. 18.—Re-paving the Foothill boulevard with asphalt is going along satisfactorily to officials. A mile of asphalt has been laid at both ends of the boulevard and the contractors have a large gang engaged in straightening out the dangerous "S" curve below the county infirmary. The grade near the Castro Valley road has been cut down and the improvements are rapidly taking shape.

DANISH LODGEMEN TO
HOLD ENTERTAINMENT

HAYWARD, Aug. 18.—Members of Thru Lodge No. 1 of this city will visit Odin Lodge No. 1 this evening. The Danish hosts are preparing an entertainment and reception for the visitors. Professor Pindrup of Denmark will speak in Danish hall on Saturday evening.

HAYWARD NIMRODS GO
ON MENDOCINO HUNT

HAYWARD, Aug. 18.—Seven Hayward hunters have gone into the wilds of Mendocino county in search of sport. They are equipped to meet all the wild life that crosses their path, from a jackrabbit to a mountain lion or bear. In the party are Charles Githam, William Githam, Albert Blase, J. W. Blase, Harry Amussen, Joseph Lawrence and Harry McConaghy.

CHRISTIAN ENDEAVOR MEETINGS.

FRUITVILLE, Aug. 18.—Plans for a series of meetings at which topical questions will be discussed will be made by the Christian Endeavor of the Fruitville Congregational Church Tuesday evening. The public will be invited to attend the meetings, which will be held Sunday evenings. Mrs. Frank Stanley, president of the Endeavor, will preside at Tuesday's meeting.

GUESTS IN HAYWARD.

HAYWARD, Aug. 17.—Mrs. E. P. Richardson and son, Lloyd, of San Francisco, are spending several months with Mr. and Mrs. Dow Sprague of Castro Valley. Miss Gladys Horton of Redlands, a niece of Mrs. Sprague, is also a guest. Miss Trotton, who is a university student has come here to recuperate.

DOCTOR ON TRIP.

HAYWARD, Aug. 18.—Dr. U. C. Blinley has gone for a vacation to Lake Tahoe. He will be gone about two weeks. Rapid progress is being made in the erection of Dr. Blinley's new hospital on A street. The hospital will cost \$10,000, and will be modern in every detail.

THE TWENTY-YEAR TEST.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by Osmond Bros. Drug Stores.

GIVE FUNDS TO
C. E. CONVENTION

Chamber of Commerce in
Hayward Appropriates
Money.

HAYWARD, Aug. 18.—The Chamber of Commerce has agreed to give a donation toward the forthcoming Christian Endeavor convention, which will be held here in September. The directors will make the appropriation out of the advertising fund. Preliminary arrangements for the convention during their stay here are well under way. H. Wahl and other prominent churchmen have the preparations in hand.

H. H. Robinson, chairman of the committee on advertising signs, reports that the huge iron signs at the Western and Southern Pacific stations are now complete. These signs are 20 feet by 10 feet and bear inscriptions calling attention to Hayward's progress and growth.

The trustees at a meeting last night decided to place extra lights on Berkeley avenue, and Carpenter and Davis streets. The meeting adjourned until next Monday night in order to give all the trustees an opportunity to attend.

SOUTHERNERS HER GUESTS.

SAN LEANDRO, Aug. 18.—Mrs. J. Bigelow and her mother, Mrs. J. King of Los Angeles, are visiting here this week with Mrs. A. A. Rogers. During their short stay Mrs. Rogers plans to show her guests all the places of interest on both sides of the bay.

"UNIFIED BOOSTING" IS
MESSAGE FROM SOUTH

"Now that I've visited Los Angeles I'm better satisfied than ever with Oakland," So declares Maitre d'Hotel C. L. Petersen of the Hotel Oakland, who returned yesterday from a vacation trip to the south. Petersen visited the different beaches and summer resorts and also inspected the hotels of the lower California region.

"There is nothing in the south that we cannot duplicate or furnish better," declares Petersen, "and the only thing that we need up here is the spirit of the citizens there. Every man in Los Angeles is a booster, and his boasts not by himself, but with others. There is a spirit of unity there, that is the true explanation of all the progress in Los Angeles."

"Even the street car conductors are boosters for Los Angeles, and they have information of all kinds regarding their city at their fingers' tips."

Petersen is planning to organize a "Boost Club" among the hotel employees, similar to one in the south. They will meet to learn salient facts about Oakland and to hear new ways of "boosting." A good booster is educated," says Petersen, "and that's shown in the south."

COURTS TO DECIDE
CUSTOMS DISPUTES

WASHINGTON, Aug. 18.—Loss of some \$2,000 to the government through recent decisions of the court of customs appeals appeared yesterday as the Senate passed a bill to amend the law making the court's decisions final on customs disputes. Secretary McAdoo had written a letter to Senator Overman setting forth the need of such legislation.

The bill would give the supreme court the right to require the customs court to certify to it for review upon petition of either party, any case drawing in question the construction of the Constitution, a treaty or any other case in which the attorney-general shall, before the customs court has rendered its decision, file with the court a certificate of its importance would justify a review of the Supreme Court.

One of the most important cases now before the customs court is that involving the validity of the five per cent differential in the Underwood-Simmons tariff act in favor of goods imported in American bottoms.

1 Killed, 2 Injured
In Falling Elevator

KLAMATH FALLS, Ore., Aug. 18.—Anderson P. Hutchins of Klamath Falls was instantly killed and T. H. Brown and Frank Duffy seriously hurt at the Farmers' Implement and supply store here when a freight elevator dropped three stories with the men and a wagon aboard.

A post mortem examination shows Hutchins had six ribs broken. One of them pierced his heart. He leaves a wife and six children. He was in the employ of the company.

The other men injured were farmers and were buying the new wagon.

Many Recoveries
From Lung Trouble

Eckman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case:

"In January, 1908, I was taken with a hemorrhage of the lungs. My physician, a leading practitioner, said that it was lung trouble. I got very weak. C. A. Lipicott, Del., recommended Eckman's Alternative (that had done great good) I began taking it at once. I continued faithfully, and in a short time, and finally noticed a change in the lungs. I now have no trouble with my lungs. I firmly believe Eckman's Alternative saved my life." (Affidavit) JAS. SQUIRE.

Eckman's Alternative is most efficacious in bronchitis, catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, 50¢; regular size, \$2. Sold by The Owl Drug Co., and leading druggists. Write Eckman's Laboratory, etc.

FIRES RAGE IN
KLAMATH TIMBER

Numerous Blazes in Northern
California Do Great
Damage.

KLAMATH FALLS, Ore., Aug. 18.—Four fierce forest fires are raging west of Klamath Falls in the Pokeyama country. The fires started within half a mile of each other, in a rich timber section.

The deer season has been closed by Governor West on account of the numerous fires. It is claimed hunters are responsible for the fires.

FOREST FIRES RAGES. ASHLAND, Ore., Aug. 18.—A fierce forest fire broke out in the Grouse Creek district north of Ashland.

This fire started in a brushy area and flames may spread.

Forest Supervisor Erickson has made a requisition for help and a score of men left Ashland today to assist Government rangers and members of the Jackson county fire patrol who are already on the scene.

FIRE DESTROYS FACTORY. PLACERVILLE, Aug. 18.—Fire starting in the box room of Beach's box factory, destroyed the main part of the building and the roof of an adjoining paint shop belonging to A. A. Bliss.

Jack Hughes, fireman, while attempting to reach the main part of the fire, was overcome by the smoke.

The interior of the Bliss paint shop was completely burned, together with a great amount of paint. Insurance was carried on both buildings.

HAY RUINED; \$2500 LOSS. BIGGS, Butte County, Aug. 18.—A large barn filled with about thirty tons of hay belonging to L. V. Simmons of East Biggs was burned. The loss is estimated at \$2500, partially covered by insurance. The origin of the fire is not known.

VALLEJO FIESTA
TO BE ELABORATE

Big Floats to Appear in Admission Day Procession.

VALLEJO, Aug. 18.—That the big Admission Day celebration which is to be held in this city, September 7-9 is going to be the greatest festival ever provided for the entertainment of the people of Vallejo and near visitors becomes more evident as the date for the festa approaches. The grand parade is certain to be the most gorgeous spectacle that ever passed through the streets of this city, as it will consist mainly of hand-some floats.

At the meeting of the celebration committee last Monday night it was reported that St. Helena is to enter a float in the parade. It will be borne on the great Napa Valley wine and grape industry and promises to be something like the "The S. Helena" "Vintage Festival" takes place the first week in September.

The students of the Vallejo High School have also decided to enter a float.

GAELIC DANCERS TO
COMPETE AT OUTING

SAN FRANCISCO, Aug. 12.—Arrangements for the annual outing of the Tyrone, Gaelic Dancers and Celtic Society, which will be held at Shell Mound Park next Sunday, August 23, are complete.

The athletic program is one of special merit. Races and games of all kinds are billed, but the stellar feature will be the two-mile professional race. Con Connolly, the world's champion runner, and one of the most popular Irish athletes, will defend his title. Rumor has it that King and McCue, two of the fastest runners of the West, are also out for first honors.

Another feature of the day will be a Gaelic dancing contest. Cash prizes are offered for the winners.

Malin will furnish the music for the Gaelic dancing. Tully's Emmett band will play in the main pavilion. Dancing will continue until evening.

The committee consists of John Devaney, Edward Golding, Patrick Timney, Andrew McCarron, Chas. C. Noone, James Farrell, Hugh McLaughlin, Joseph Dwyer, John Kibbey, William Hayes, Daniel Timney, William Bagarty and James Dwyer.

STATE TO START
WORK ON ROAD

First Contract in Contra Costa
Is to Begin Next
Week.

Richmond, Aug. 18.—Work on the first contract for construction of the state highway in Contra Costa county, which is to pass through Richmond, will be started next week. The announcement was made by State Engineer Fletcher in a letter to Supervisor Warren McBryde, who, with Sheriff R. R. Veale, was instrumental in securing the highway for this county.

Martinez, Aug. 18.—Provision was made for two public kindergartens, the first in Contra Costa county, by the supervisors yesterday in fixing the tax levy for the year. Special appropriations for these children's schools were made for Bay Point and Richmond schools.

San Mateo, Aug. 18.—Automobile bandits, believed to be members of the gang that robbed the postoffice at Belmont, Menlo Park and San Geronimo, held up seven Japanese at the Yokonama laundry at 3:15 o'clock yesterday morning. The bandits, five in number, secured about \$500 worth of loot. They operated in an automobile taken from the home of Frank Guido, 501 North D street.

Sacramento, Aug. 18.—The government of Sacramento, through a special resolution adopted by the city commission, arranged yesterday to buy and close a saloon in the Tenderloin district of the city. FLAMES ENTRAP HUNTER:
CONDITION CRITICAL

GRACE VALLEY, Aug. 18.—Trapped in a circle of flames in the McCourtney district Sunday, George McCrea came nearly being burned to death. Several dozen farmers were engaged in burning over a large tract by special permission, and it happened that McCrea went rabbit hunting across the same tract.

Seeing smoke and flames he realized his danger and made a rush for the outside, sustaining such serious burns that a physician had to be called. His condition is critical, partly from the inhalation of smoke and flames.

LIPTON TROPHY YACHT
RACES ARE CANCELLED

CHICAGO, Aug. 18.—Races for the Sir Thomas Lipton trophy, a prize offered by the English sportsman, which were to start this afternoon under the auspices of the Columbia Yacht Club, have been cancelled. It was announced today, in respect of Sir Thomas' wishes. The Lipton cup was given the Columbia club fifteen years ago and had been raced for annually. Officials of the club asserted that in view of the fact that England was engaged in war, it had been found proper to cancel the event.
